Dispatch Democrat

VOLUME XLVIII — UKIAH CITY, MENDOCINO COUNTY, CAL., FRIDAY MORNING, AUGUST 4, 1916 — NUMBER 43

MRS. ALICE ROBERTS WINS CAR IN BIG VOTING CONTEST

MISS REVA THOMAS A STRONG SECOND IN WHAT HAS PROVED TO BE ONE OF THE MOST EXCITING CONTESTS EVER HELD IN THIS SECTION

Seated in the car are Mrs. Alice Roberts, at the wheel, and her sister, Miss Helen Wilson. Standing, from right to left are, Editor E. P. Thurston, Contest Manager J. W. Winkleback and Chevrolet Agent Moore.

DISTRICT TWO.

ALICE ROBERTS, first	2,939,800
REVA THOMAS, second	2,695,900
Fodie Heryford, third	884,350
Ethel Ford, fourth	216,350
Eva Eddie, fifth	193,000
Gertrude McClintock	175,350

DISTRICT ONE.

Alma Ornbaun, first	1,450,050
Ruth Ingram, second	1,326,500
Dorothy Davis, third	913,050
Nellie Ogle, fourth	182,000

DISTRICT THREE.

Cecil Riggs, first	1,503,500
Zora Spurlock, second	511,150

DISTRICT FOUR.

Addie Rasmussen, first	1,525,000
Elvira Blank, second	531,500
Mabel Rodgers, third	503,000
Hazel Stevenson, fourth	190,050

DISTRICT FIVE.

Marie Schlachter, first	984,150
Mrs. R. Sherwood, second	594,350
Daisy McCallum, third	534,050
Elsie Christenson, fourth	511,050
Mrs. John Shaaf, fifth	440,050

The above are all of the candidates that have been active in the contest, and each and every one will receive a prize.

Mrs. Alice Roberts is the winner in one of the hottest-contested contests that has ever been conducted. A glance at the vote results will show that she by no means had a walkaway. Miss Reva Thomas is only a short distance behind the winner. A surprise to every one connected with the management of the contest was the race run by Miss Alma Oranbaun and Miss Ruth Ingram of Anderson valley. Their showing was remarkable owing to the fact that there were no less than three active candidates in that section. If only one of them had entered the contest there would have been no doubt that she would have won easily. As it is, neither of the young ladies will have to be ashamed of their showing. They and their friends can certainly feel proud of their magnificent work. Mrs. Rasmussen, from Mendocino, made a fine effort, that deserved a better reward. She probably covered more territory than any other candidate in the contest. Cecil Walker Riggs, of Willits, made a much better race than the results show, as she secured many subs in every section of the county for one or two years. One candidate that might have figured in the finals for the car was unable to get the postmaster in her town at 9 p. m., and was forced to forfeit the votes on $250 in subs. While this amount would not have won the car still it would have made this particular contestant one of the factors. In looking over the results of the votes it may be noted that over a million votes were cast in four of the districts for the winner in that district, while in the fifth district, Point Arena and that section, the winner registered nearly a million votes.

This paper is particularly pleased at the result attained. While from a financial standpoint the Dispatch-Democrat figures on the small end, still we are satisfied, as we have added over five hundred new subscribers in every section of the county and renewed over a thousand old subscribers. When we entered this proposition we did so with our eyes open. We never expected to make any money directly out of the contest. We expected, however, to be in a position to give our advertisers a run for their money by giving them a paper that was circulating, and that object we have obtained, thanks to the contestants, their friends and helpers. Today the Dispatch-Democrat can truthfully say that at the expense of several thousand dollars and a like amount in effort they have double the paid circulation of any other paper in the county. The proud winner of the car, Alice Roberts, is today no more pleased than the management of the Dispatch-Democrat.

While we feel with the many contestants that worked for the Chevrolet and fell just a little short of winning the big prize we are proud of whwat they did. If they feel disappointed now we know that in time they will come to realize that they made a good fight and that all could not win. We regret that we have not six cars to give instead of one. The loyal support accorded the paper in the contest by the candidates and the public is one of the sweetest encomiums ever given a paper in this or any other section.

CARD OF THANKS

I wish to extend my heartiest appreciation to the management of the Dispatch-Democrat and to the many friends who so kindly gave me their support in the recents contest.

ALICE E. ROBERTS.

CARD OF THANKS

I wish, through the Dispatch, to thank my friends and supporters for their efforts in my behalf and also to thank the Dispatch for the beautiful premium which was awarded to me.

FODIE HERYFORD.

THOMAS-CHARLTON PARTY RETURN

The auto party consisting of Lew Charlton and wife and J. R. Thomas and family returned last Wednesday evening from their trip to Eureka and vicinity. The party report a fine trip. The return journey was made by the way of Kenny and Fort Bragg and from there across the mountains to Ukiah.

HAZEL POAGE ENTERTAINS

Miss Hazel Poage entertained about a dozen of her girl friends yesterday evening at a dinner at her home. The affair was given in honor of Miss Dorothy Handy, who is soon to leave to enter the university of California. An eight course dinner was served late in the afternoon, after which music held sway. The Poage home was artistically decorated for the occasion.

Chas. Tyrell came over from Mendocino the first of the week with a load of citizenship aspirants.

HEMLOCK POSTOFFICE TO BE DISCONTINUED

We are in receipt of a letter from Congressman Kent stating that the postoffice at Hemlock is to be discontinued unless some action be taken by the residents of that vicinity. If there are any who do not desire the Department at Washington to discontinue the postoffice there they requested to communicate with the Dispatch at once, to the end that we may take action with Mr. Kent in regard to the matter.

MARRIAGE LICENSES ISSUED

Marriage licenses were issued during the week to the following couples: R. M. Stene, Branscomb, and A. M. Nowlin, also of Branscomb; Vernon N. Fales and Annie Laura Leah, both of Dos Rios; Oley Harrold Koch and Mrs. May Hazel Rader. One blank license was issued.

MOTOR TO BLUE LAKES

A large motor party made the trip from here to Blue Lakes last Sunday and enjoyed the swimming and boating that are to be obtained in that place. The party was composed of the following persons: Mrs. J. C. Ruddick and daughter Miss Flossie, Miss Pauline Hildreth, Mr. and Mrs. Bill Bond, Mrs. Pioda and daughter, Mrs. Bert Gibson and daughter Leila, Miss Hazel Bond, Sam Bibero, Fred Wooley, Hugh Preston and Lew Cunningham.

MISS BOND ENTERTAINS

Miss Hazel Bond entertained a few of her friends in the younger set at Vichy springs during the latter part of the week. Those in attendance were: Miss Leila Gibson, Miss Pauline Hildreth, Miss Flossie Ruddick, Miss Hazel Bond, Mrs. W. D. Bond, Mrs. J. C. Ruddock, Mrs. Pioda, and Mrs. Jack Love.

DEMOCRATS TO WRITE DELEGATES

PARTY MEN IN VARIOUS DISTRICTS URED TO GET TOGETHER ON CANDIDATES

Owing to the fact that the Democrats in Mendocino county have filed no nomination papers for delegates to the county convention no names for such delegates will appear on the ballots of that party, and the party men in each district are urged to write in the names of their delegates at the primaries, which will be held August 29th.

We are informed by County Clerk Prather that there are twenty-two delegates to be elected, and they are apportiond as follows:

First District, three.
Second District, seven.
Third District, six.
Fourth District, four.
Fifth District, two.

Voters in each district, therefore, are requested to bear this fact in mind, and at the primary they should not fail to write in their choice for delegates.

As the time is rather short for a meeting of the Democrats of any of the districts before the election, and as the long distances between the various towns make meetings expensive, the following tentative candidates have been suggested by members of the central committee.

First District

Frank W. Dooley, Hopland; E. B. Hiatt, Yorkville; Byron Ogle, Ornbaun; Clem Heryford, Boonville; A. Zimmerman, Philo; Wm. Duncan, Hopland; F. W. Steele, Navarro.

Democrats in the First Supervisoral District may vote for any three of these or for any other three Democrats they may desire to vote for as delegates.

Second District

James Eddie, Potter valley; Fred H. Yates, Calpella; Ralph Figone, Talmage; R. L. Hutchison, Ukiah; E. J. Sanford, Ukiah; J. R. Thomas, Ukiah; Robert Duncan, Ukiah; Walter Brown, Ukiah; J. W. Pickle, Potter valley; Mrs. Thomas Farrance, Ukiah. There are to be seven from the Second district and Democrats may vote for any seven of these or for any seven they may desire.

Third District

C. H. Hurt, Covelo; J. S. Hogshead, Covelo; W. F. Ornbaun, Covelo; T. E. Fulwider, Willits; Chas. Tuck, Willits; D. L. Cox, Willits; E. M. Whitney, Willits; John Williams, Laytonville. Six are to be elected from this District.

Fourth District

John Silvia, Mendocino; W. F. Agnew, Fort Bragg; Clarence Broback, Fort Bragg; A. A. Heeser, Mendocino; Mrs. Ethel Wintzer, Fort Bragg; W. H. Dixon, Fort Bragg; Geo. Fee, Westport; Howard Preston, Fort Bragg. The Fourth District gets four delegates.

Fifth District

J. F. McNamee, Fish Rock; N. A. McCallum, Point Arena; Fred Patton, Point Arena; Wm. Dougherty, Elk; Joseph Walsh, Elk. Two delegates are to be elected from the Fifth.

The only qualifications for candidates are that they be duly registered as Democrats and qualified to vote at the primary.

GARDEN FETE A SUCCESS

The garden party which was given last evening by the Presbyterian church, at the J. B. Sanford residence, where Reverend Breckinridge and wife are now living, was quite a success. The grounds around the house were gaily festooned with streamers and hung with Japanese lanterns. A gypsy fortune-telling tent, presided over by Mrs. Henry Hanson and Miss Grace Reed, was one of the most interesting features of the party.

The program, which consisted of instrumental and vocal music, was very good. Songs by Margaret Aldrich and Miss Pauline Hildreth drew applause, and the instrumental solo by Miss Marian Handy was very pleasing to all. A Columbia graphanola, presided over by J. T. Le Roy, furnished a great deal of entertainment.

Ice cream and cake were sold throughout the grounds by several of the girls. A fishing pond with prizes as a reward, drew much attention during the first part of the evening.

The ladies of the church announce that quite a neat sum was cleared during the evening.

Frank Sandelin and family were touring the Humboldt and Sacramento valley sections the past ten days, making the trip in Frank's big six.

NEW CASES FILED IN LOCAL COURT

SEVERAL CASES OF INTEREST PLACED ON RECORD DURING PAST WEEK

Through Attorneys Preston & Preston, C. E. Russell has filed a complaint against Nik Fatze et al to foreclose mortgage to secure note for $2,740, dated at San Francisco January 12, 1914.

Thomas Edward Roberts, through Attorneys Preston & Prestton, filed complaint for divorce from Edith Myrta Roberts, whom he married in November, 1913. The complaint charges desertion in May, 1914, and again in January, 1915. There are no children.

George K. Keck et al has filed suit for foreclosure of mortgage against W. S. Anger et al. He seeks to recover on a note for $1,720, dated at San Francisco, Feb. 20, 1914, and interest on same at the rate of 7 per cent from September 29th, and also $150 attorney's fees.

Through Attorneys Pettis & Pemberton, Ella L. Willis has filed suit for interlocutory decree of divorce from William H. Willis, charging cruelty and statutory grounds. Plaintiff married defendant in Tennessee in 1888, and lived with him until December 28, 1915. She asks for custody of one minor child, and petitions for resumption of her maiden name of Ella L. Bishop.

Through Attorneys Preston & Preston, William Ray has filed suit for foreclosure of mortgage against Hans C. Johnson et al to secure on a note for $3,000, dated at Ukiah, June 19, 1915. Petitions also for interest at the rate of 7 per cent per annum from April 18, 1915, to Dec. 19, 1915, with attorneys' fees of $300, and the costs of suit.

William Ray has filed suit through Attorneys Preston & Preston against Hans C. Johnson et al for the foreclosure of mortgage to secure on two notes both dated at Ukiah on June 19, 1915, one for the sum of $1,000 and the other for the sum of $1,200, with $250 attorney's fees and costs of suit.

Through Attorneys Peirsol & Stone, Elizabeth Handley has brought suit for divorce against George James Handley. The complaint alleges habitual intemperance and extreme cruelty. Plaintiff married defendant at Whitesborough, Mendocino county, in 1890, and has not separated from defendant during the twenty-six years. The plaintiff asks the custody of the minor child.

Lela Crabtree has filed suit for divorce from Franklin J. Crabtree, through Attorney Con. H. Goldberg. Plaintiff married defendant at Yountville, Napa county, on the 22nd of October, 1901. Separated on several occasions, the last time in July, 1916. The complaint alleges cruelty and asks that plaintiff may take her maiden name of Lela A. Gordon. There are no children.

Estate of Charles G. Guslander, deceased. Annie Guslander, his wife, has filed petitions for letters of administration on his estate, valued at $7,240.50, through Attorney Con H. Goldberg. Guslander died in San Francisco on July 2, 1916.

Estate of Jerome W. Thomson, deceased. Through Attorneys Preston & Preston, Edith L. Givens, his daughter, has filed a petition asking for letters of administration on the estate of the deceased, who died in June, 1916. The estate was valued at $8,500.

Through Attorney George Redwine, T. W. Williams has brought suit against Leah S. Beck et al for the foreclosure of a mortgage to secure a note for $300, dated August 16, 1911, with interest on the same at the rate of 10 per cent per annum, and also $50 attorney's fees.

ELEVEN TONS OF WOOL ON NORTH COAST

Eleven tons of wool has been raised on the north coast this year. It has all been sold at a figure of 31c per pound, placing the total value at $6,820.

G. A. Devilbiss, of Rockport, contributed five tons of this amount; W. St. Clair, of Usal, and Ira Thompson, of Howard Creek, two ton and a half each; Ross Brothers, of Inglenook, one ton.—Advocate.

MANY CAMP AT CANNERY

Despite the fact that the cannery will not open up for about a week, the available camping grounds around the building are being occupied by campers from all over the county, who intend working in the bean cannery.

FIRST VICTIM OF CARELESS HUNTER

LOUIS UNSELT SHOT BY UNKNOWN HUNTER AND LEFT TO DIE

Deer season opened Tuesday, and with it came the usual accident.

Louis Unselt, an employee of Ed Howell, was accidentally shot Wednesday morning. Unselt had been fishing north of Anderson valley, and being tired laid down by the side of the stream and went to sleep. His awakening was not pleasant, as he became conscious of a sharp pain in his left thigh, and heard the report of a gun.

Whoever shot Unselt evidently was going to chance another shot, for Unselt heard the ejecting lever working on the gun. He sprang up and called not to shoot. When the hunter found out that it was not a deer at all he lost no time in getting out of the vicinity. His action in leaving a man whom he had shot to die, for all he knew, was about the most cowardly thing he could have done.

Unselt was unable to walk and was forced to crawl through the brush until he came to the valley. Fred Rawles, of Boonville, brought Unselt over Wednesday morning and placed him under the care of Dr. Liftchild and the county hospital. Dr. Liftchild reports that the injury is not serious and that the man will get well.

The law in regard to the accidental killing of a man, in the manner named, is that the shooter is guilty of manslaughter, and he may be sentenced to the penitentiary. Knowing this, the unknown hunter probably thought it best to get out of the country, rather than to do the only humane act possible—to bring the man whom he had shot within reach of medical assistance.

Such an act brands the man as a moral coward, and should he be caught he should receive the full penalty of the law.

BUCK HUNTERS FLOCK TO TALL TIMBER

SAN HEDRIN AND HULL MOUNTAIN SEEM TO BE THE FAVORITE RESORTS

Beginning about last Friday and continuing well into the last of this week, the rush of campers to the mountains was almost a steady stream. Every available horse and buggy was cornered at the various livery stables, and the exodus from this and other cities below here was made in every sort of conveyance. The goal that most of the hunters seemed to be seeking was San Hedrin and Hull and Snow mountains. At one point near Gravelly valley at the foot of San Hedrin there are reported to be a hundred hunters camped, while at the top of San Hedrin on the road through to Gravelly valley autos are said to be stacked three deep, and every available camping place has been taken up.

For the most part the local nimrods have returned empty-handed, though a few have succeeded in bagging some good game. A party composed of Walter Brown, his Highness the Marshall, and Chet Cox, are said to have brought home the bacon before any one else, having killed a forked horn buck on Cow mountain. Charlie Duncan returned home from his hunt Wednesday evening, having bagged a nice three-point. Leslie Allenby and Carol York, who hunted in Reeves canon, also got a three-point the first day. Frank and Bill Wilson, who hunted in the Boonville way, returned with some nice meat. The rest of the local hunters have not yet returned from the wilds, or if they have returned they have not showed themselves upon the streets.

THE WEATHER

During the period between July 31st and August 2nd, A. O. Carpenter reports the following temperatures: Minimum temperature, 45, maximum temperature, 102. No rain fell during the week.

SUIT FILED AGAINST HATCH

J. B. Palmer has filed suit in the justice court, through Mannon & Mannon, against E. M. Hatch for the sum of $184.90, which is due for labor and lumber furnished by Palmer.

Mrs. Eugene Brown, of Mendocino, was registered at the Palace Thursday.

REDWOOD VALLEY'S QUOTA OF INTERESTING NEWS

Redwood Valley, Aug. 2—With the opening of the deer season Tuesday everybody who could get away sought the high brush. Many returned disappointed. The deer appear to be scarce and wary this year. Lee Riggs snagged a three-pointer up Reeves canon. Luman Riggs killed a young bear in the same section last week. Dr. Dickinson got venison up Reeves canon too near his cottage. The Seward boys were successful in getting meat and Bob Tindall is feasting on venison, too.

H. E. Stinehoff was up from Berkeley on a flying trip the first of the week.

Mr. Boyd is enjoying a visit from his sons. Their home is at Oroville.

Miss Ruby Tuttle is visiting at W. I. Hurts.

J. M. Eaton and family and Lee Riggs and family are camping up Reeves canon.

W. H. Tindall is busy hauling split stuff from Reeves canon to Lake county. He makes two trips a week.

Clarence Tindall and family are camping in Reeves canon.

The ladies' club met with Mrs. J. M. Brines Thursday and adjourned for the summer. They will meet again the first Thursday in October.

The Calpella baseball boys gave their farewell dance Saturday night.

The social club met Saturday night. Mrs. O. Ticehurst had charge of the meeting. A very interesting program was rendered. It was decided not to meet again until the first Saturday in October, as so many are planning camping and hunting trips, and hop picking will soon be with us.

Mrs. H. L. Davis and family are camping up Reeves canon.

Mrs. O'Connell, of San Rafael, is visiting with Mrs. H. Boyle at Leonard's Lake.

The Ukiah Indians again took the measure of the Calpella baseball team last Sunday.

George King and Kurt Schamber left this week for a long hunting trip in Trinity county.

James McFarland and family and Russel Tolman and Helen Cable left on a camping and hunting trip last week.

The Finnish Colony have been threshing in the valley during the week.

Miss Pearl Witheral is visiting at V. Andrews.

J. F. Detwiler and family expect to leave for Oceanside the last of the week.

Mrs. T. D. Orr is resting very well. She has been in a plaster cast for three weeks and will have to remain for five more weeks.

Mr. Orr is busy hauling wood and incidentally selling peaches. He has peaches galore of all kinds. With his characteristic generosity Mr. Orr does not let any fruit waste, but gives way everything that is unsalable.

Newt Toney, an old time resident of Redwood valley, has been visiting at W. F. Jamisons.

Miss Rosaline Smith is visiting at Lee Riggs.

Mrs. Ed Ricker has been visiting Mrs. Charley Thurow and Mrs. Archibald.

Mrs. Smith is visiting Mrs. Charley Thurow.

Vivian Green has returned to Ukiah after visiting with her father here.

Mrs. A. D. Bannerman and daughter are visiting at the home of L. Finne.

There was a bad fire at the head of the valley Tuesday. It burned some of Robinson's fence and threatened the Jim Wyman property.

ORGANIZE READING CIRCLE

H. S. Sutherland, acting in behalf of the Christian Scientists, returned last week from Potter valley, where he has been helping organize a reading circle. Many Potter people have been interested in Christian Science for some time,and the organization answers a general call for weekly services.

ADVERTISED LETTERS

List of unclaimed mail matter advertised by W. B. Hagans, Postmaster at Ukiah, Cal., and sent to the Division of Dead Letters, for the week ending Aug. 14, 1916:

1—Allen, Mrs. Luca
2—Beckles, H.
3—Carder, Mr. H.
4—Smith, Mr. Jack
5—Wharton, Archie
6—Wagnon, Mrs. Ilah
7—Woods, Sarah L.

GUALALA ITEMS

Gualala, Aug. 2—The beautiful weather continues. Such a relief after the heavy north winds of early summer, which is one of the most unpleasant features of our climate along the coast.

Henry Rang, Jr., of Scotia, Humboldt county, gave his parents of Bowens Landing a very pleasant surprise Wednesday, the 25th, by coming to visit them and bringing his bride, a young lady of Humboldt, to become acquainted with her new relatives.

Mrs. E. B. Lampkin and baby girl are spending a few days in Gualala visiting Mrs. Frank Briones this week.

Mr. and Mrs. Henry Rang were callers at the Lampkin home the 27th. Also Miss Ruby Dodge, with her sister, Mrs. Chapman, and husband, spent a pleasant hour at La Loma.

Mrs. Wm. Smith was a caller at Mrs. Herman Johnson's the 25th.

Miss Lois Lampkin and nephew, Floyd, and cousin Charles, spent Sunday on the beach enjoying a splash in the waves and a sunbath on the sand.

Miss Eleitha Allen, who is visiting her brother in Gualala, fell and hurt herself quite badly while camping on the river. A doctor camping quite near was able to come to her aid and soon had her resting comfortably.

Mr. James Long left for Los Angeles the 29th, after a few weeks in our midst.

Misses Louise Ciapucia and Miss Zeina Hood, of Gualala, left for Point Arena Saturday, ready to attend high school, which resumed duties on the 31st of July.

Mr. and Mrs. Floyd Chapman and Prof. Leslie Gettchell returned to their homes and duties after a most enjoyable visit to the old home at Bowens Landing. Mrs. Guy Stuart was also a passenger out for San Francisco the same day, after a month in the old home in Fish Rock with her parents, Mr. and Mrs. C. Queen.

Mr. Antone Ciapucia, of the Gualala House, is giving his daughter, Flora, quite a treat by way of a visit to the metropolis this week.

Mrs. James Byrnes, of Gualala, left for Albion Thursday of last week expecting to visit her son Fred and family in the absence of his housekeeper.

Rev. Cona motored down to Fish Rock, filling his appointment for Sunday, Mrs. Cona and Mrs. Sipples accompanying him. On account of the steamer in to Bowens Landing the crowd was not as large as usual. Mr. Joe Briones is usually out with his Overland taking as many to church as his auto will accommodate, but the day was put in brakeing at the chute.

Mr. Smith, of Loma Vista, had the misfortune to fall a distance of 10 or 12 feet while cleaning around a washout on his place last week and was hurt quite badly. We are pleased to say he is much better now.

School opened at Gualala the 31st, Miss Curtis having returned from Los Angeles to resume duties again. Mrs. Annie Porterfield is making her regular calls on schools.

Sea Side school will open the 7th, with a young lady of Boonville as teacher, Miss Elois Wallach. Another social dance is to be given in the Sea Side school house next Saturday night, the one of a few weeks ago was such a success.

Ed Randall is visiting in our vicinittty again, after quite an absence.

The machinery was landed by steamer Newberg last Sunday for the new shingle mill to be built at Gualala in the near future.

Herman Johnson had the misfortune to lose a fine colt, three years old, lately—quite a heavy loss.

THE ALBERTINUM ORPHANAGE

We hereby give notice that the following children have been received into the Albertinum Orphanage, Ukiah, Mendocino county, Cal., since our last publication:

Angelo Pedreire, aged 7 years; Alfred Pedreire, aged 4 years; Manuel Castillo, aged 6 years; Joe Castillo, aged 5 years.

DOMINICAN SISTERS.

July, 1916. 4-t

CHRISTIAN SCIENCE SERVICES

Christian Science services are held in the Preston building every Sunday. Sunday school at 10 a. m. Lesson sermon at 11 a. m. Wednesday evening Testimony meetings at 8.00 o'clock. All are welcome. Reading room at same place, open daily from 2 to 4 p. m., except Sundays and holidays. Subject for next Sunday "Spirit."

Formosa's Umbrella Snake.

Venomous snakes take the place of wild beasts in Formosa, and their attacks are formidable, says a Japanese traveler, who has just returned from a trip in the southern island. There is a venomous snake on that island by the name of amagasahebi, so called from its umbrella-like head. This snake is generally found in watery places, often in a ditch flowing out of a kitchen. A maid working in a kitchen is not infrequently startled at the ugly appearance of the snake. The animal makes a peculiar noise by the nimble movement of its tongue. A slight touch of its fangs is fatal. A native of the island was bitten by the snake in the thumb. A doctor who treated the wound made a simple application. The man returned home, thinking the wound would soon be cured, but to his consternation his arm had swollen up. He soon lost sight and hearing. Next morning he was dead —East and West News.

Animal and Plant Life in Brine.

Just west of Promontory Point station, Utah, is a pond cut off from the Great Salt lake by the railroad embankment. At times of high water in the lake this reservoir fills by percolation through the embankment, but during the summer this water is concentrated to a brine by evaporation. The deep pink color of the brine is a phenomenon that appears in salt ponds generally when a certain concentration is reached. In the salt ponds of San Francisco bay this color is due to a certain bacillus which lives in saturated brines and also in the heaps of salt as it is piled for drainage and shipment. Prohibitive to life as such an environment might be considered, strong natural brines are, in fact, inhabited by a number of minute organisms, animals as well as plants. The pink color disappears in winter or when fresh water is introduced into the pond.—United States Geological Survey.

Human Sacrifices.

In battle the Aztecs strove to save life so that they could use their prisoners as human sacrifices to the gods. They had the art of ambush reduced to such a science that it was nothing unusual for them to bring home 25,000 prisoners after a campaign. Their battles were not fought for the sake of any principle, nor yet to gain territory. They fought in order to capture prisoners, and the hot headed young soldiers were given wooden swords, for fear they might in the heat of battle unwittingly slay a foe. A dead enemy was already dead, and hence of no value for sacrificial purposes. Were the Aztecs humans? Well, not so that you could notice. But their destruction of prisoners on the altars of their beautiful temples was done in the name of religion and hence not reprehensible.—St. Louis Globe-Democrat.

Test For a Field Glass.

Inquiry has it that the absolute and infallible test of a field glass by the purchaser is to see what size letters can be read across the street from the optician's shop.

It isn't. The real test is to climb up a long and bushy hill until the breath comes a hundred to the minute, then snatch for the glass, reposing in a shirt pocket, to see whether the buck is the one you want before you fire. If it won't go in your shirt pocket it is not the glass you want; others are made that will. If it shakes in your agitated hands it is not the glass you want. You cannot see enough more with a high power glass to pay for the times when it is unusable, because you cannot hold it steady.—Outing.

A Literary Coincidence.

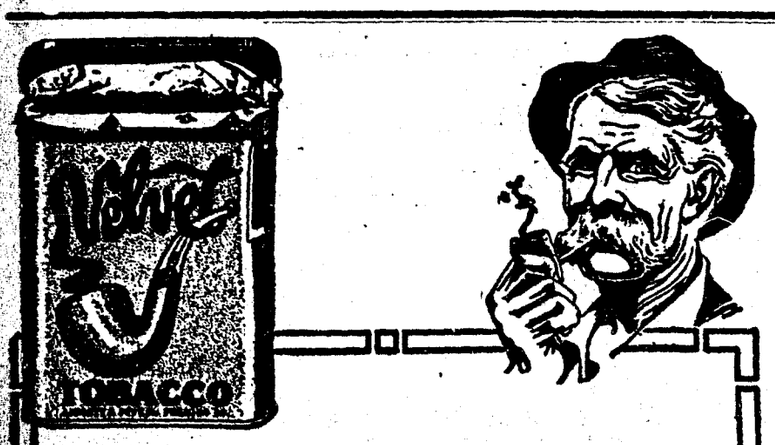
"My father, W. Clark Russell," said Herbert Russell in telling of a literary coincidence, "had finished maturing the plot of his novel, 'The Death Ship,' which is a version of the legend of Vanderdecken. I was his amanuensis at the time. He said to me, 'Tomorrow we will begin the story.' On the following morning when I entered his study to take his dictation of the opening lines he showed me a letter he had just received. It was from W. S. Gilbert, the well known dramatist, asking him why he did not write a novel about the Flying Dutchman."

Eternal Lamps.

A common superstition that the ancients possessed the art of making lamps which would burn forever for a long time obtained, and it was claimed that one such lamp was discovered in the tomb of Rosicrucius. Science, however, has long set this, together with other superstitions, forever at rest, since it has been demonstrated that fire will not burn in a chamber from which the air has been exhausted.

Clear Air.

The air is so clear at Arequipa, Peru, that from the observatory at that place, 8,050 feet above the sea, a black spot one inch in diameter placed on a white disk has been seen on Mount Charchani, a distance of eleven miles, through a thirteen inch telescope.



HAPPINESS is havin' jest a little less than we want, an' th' health t' hustle f'r that "little less".

Velvet Joe

Every now and then some smoker tells us a new joy he has discovered in VELVET. If you want a smoke that never grows tiresome, smoke VELVET.

J. W. EVERSOLE "For Quality"

Lieut. Bryan, U. S. N. stated before the Am. Soc. of Naval Engineers: "Oils made from the asphalt-base crudes have shown themselves to be much better adapted to motor cylinders, as far as their carbon-forming proclivities are concerned, than are paraffine-base Pennsylvania oils."

Zerolene is scientifically refined from selected California crude—asphalt-base. Highest competitive awards, San Francisco and San Diego Expositions. For sale by dealers everywhere and at service stations and agencies of the Standard Oil Company.

NOTICE TO CONTRACTORS
County of Mendocino

Sealed proposals, addressed to the Board of Supervisors of Mendocino County and endorsed, "Proposals for constructing Re-inforced Concrete Bridge over Forsythe Creek, near Calpella, in the 2nd Road District," will be received by the Board of Supervisors at the office of the County Clerk. Ukiah, California, until 2 o'clock p. m. of the 8th day of August, 1916.

All proposals must be made upon blank forms, to be obtained from the County Clerk at Ukiah; must give the prices proposed, both in writing and figures; and must be signed by the bidder with his address.

Each bid shall be accompanied by a certified check equal to ten per cent of the amount of the bid, payable to the Clerk of the Board of Supervisors, on condition that if said bid shall be accepted and party bidding shall fail to enter into contract and faithfully perform his contract in accordance with his bid and the plans and specifications said check shall be forfeited.

A common-law bond will be required for the faithful performance of the contract in such sum as shall be fixed by the Board of Supervisors after the bids are opened; said sum shall not be less than one-fourth and not more than one-half of the estimated amount of the contract; and a further bond in a sum equal to one-half of the estimated amount of the contract must be furnished as required by the terms of an act entitled, "An act to secure the payment of the claims of material-men, mechanics, or laborers employed by contractors upon State, municipal and other public works." approved March 27, 1897, and acts amendatory thereof.

The contractor to whom the contract may be awarded will be required to appear at the office of the Board of Supervisors, with the sureties offered by him, and execute the contract within ten days (not including Sunday) from the date of the notification of such award and the preparation and readiness for signature of the contract; and in case of failure or neglect so to do he will be considered as having abandoned it, and said bidder's check will be forfeited.

All bids shall be made for constructing bridge complete in accordance with plans and specifications on file at the County Clerk's office at Ukiah, California, and shall include also, price per cubic yard of concrete in place, to be accepted for any change in plans as follows:

Construction of bridge complete:

Price per cubic yard concrete in place:

Contractors must make their bids, figuring on receiving no money until the work is completed, as no payments whatever will be made on said work until the bridge is fully completed and regularly accepted by said board.

The right is reserved to reject any and all proposals, or accept the proposal deemed best for the County of Mendocino.

Dated at Ukiah this 6th day of July, 1916.

A. J. FAIRBANKS,
Chairman of the Board of Supervisors of Mendocino County.
By HALE PRATHER, Clerk.

Walter H. Moore, Mendocino county agent.

ADDRESS

UKIAH OR WILLITS

ANTICIPATING EXTERMINATION.

—DeMar in Philadelphia Record.

If You Fell Off the Earth.

After you have learned that the earth is spinning through space like a great top and that we are all living on the outside of this top you probably wonder where we would all go if we fell off. The earth itself has enough power of attraction to keep everything on its surface from falling off.

Now, just imagine that this power of attraction stopped altogether. If that happened and you were indoors your head would hit the ceiling. If you were out of doors you would go straight up into the sky for a long time, and gradually you would begin to move slower and slower and slower, for the resistance of the air would retard you. At last you would come to a stop, and there you would stay. And very cold you would find it.

If the air did not resist, with the least little jump you would go sailing off into space. That is the only way you could fall off the earth, when the earth's attraction stopped and when the air did not resist.—Exchange.

Drills Tiny Holes.

Making an adding machine required the drilling of ten holes in a steel plate a thirty-second of an inch thick, each hole to be accurate to a thousandth of an inch, yet no bigger than a pin in diameter. Such a problem stopped the manufacture of the machine on a commercial basis until the inventor of the calculator could invent a means of solving it.

The machine devised stands but twelve inches high. The drill which was built carries ten spindles, each holding a drill of No. 6 Morse gauge, which is about the size of a pin of ordinary use. Each little sliver of steel that does the work is driven by a belt operating through a cam head and therefore works at the same speed as that of its neighbors.

The actual drilling requires ten seconds.—Illustrated World.

Two Coyotes.

"We watched two coyotes in captivity the other day," said a man interested in humane work. "They were of the same age, of the same parentage on both sides. They have been nearly a year confined in the cage. One of them, the male, is as restless a creature as one might ever see, almost never quiet, hurrying back and forth with rapid steps from one end of the cage to the other, apparently never free from fear, the eye restless and wild. The other, the female, is as gentle as a dog, likes to lean against the bars and be petted, is without fear, a restful, and one might imagine, a contented animal. Here is the old question of heredity. Families of humans present the same problem."—Detroit Free Press.

Turks' Names For Greeks.

The Turks have definite names for the Greeks who inhabit Ottoman territory and for those who are their own masters. The latter are Yunan and their country Yunanistan—names derived from "Ionia"—while the Greeks and Turks are Rum. By origin this is simply "Romans" and is an inheritance from the Byzantine days, when the inhabitants of Constantinople, the new Rome, were called Romaioi, while the provincials were known as Helladikoi. "Rum" was the conquering Turks' name for the Byzantine empire. It survives in Roumelia, while the popular Greek language of the present day is still known as Romaic. But every Greek, in Greece or in Turkey, calls himself a Hellene.—London Spectator.

A Mistake Somewhere.

A helpful friend recently requested us to write a funny piece about a game we used to play in boyhood's glad days called "hiding in the barn." He alleged that part of the gang hid and the rest searched for them, and when they were found all hands jumped and yelled most gleefully. This, he tried to remind us, was very, very funny. Either our memory is failing or we have lost our sense of humor, for as we recollect it our father did the hiding and we jumped and yelled. And it does not seem amusing to us even yet.—Kansas City Star.

Wasted Apology.

"One day," says a London journalist, "the late Walter Emanuel called on me and chatted delightfully. After half an hour the humorist said he must go and apologized for having wasted so much valuable time.

"'Don't mention it,' I rushed to reply. 'It has been a pleasure.'

"'Oh, it's not your valuable time I'm thinking of!' said Mr. Emanuel as he picked up his hat. 'It's mine!'"—Exchange.

ONCE A SOVEREIGN STATE.

New Noli Is Simply a Fishing Village With a Past.

One of the oddest and quaintest little independent states that ever existed in Europe—the tiny republic of Noli, founded before Rome and maintaining its liberty for many centuries until Napoleon swept away its privileges—is today merely a fishing village near Genoa, but it is full of reminders of its former greatness and affords a wonderful glimpse of mediaeval times. Destroyed by the Carthaginians in 217 B. C., and who knows how often by subsequent marauders, there seemed no limit to her powers of recovery.

This quaint little fishing village maintained itself as a sovereign state for centuries, took a prominent part in the quarrels of Guelphs and Ghibellines, sent doughty warriors to the Crusades, commanded the interest of emperors and popes and only succumbed at last to the armies of Napoleon. Dante clambered hither over terrible hills on hands and knees and revenged himself by consigning Noli to his "Purgatory."

Everybody is rich in this poor man's paradise, says the Wide World Magazine. During the anchovy months it is not rare for the 120 boats to earn $4,000 in a night, or $75,000 in a season. Through fish alone a man earns far more than a clerk, besides which he has no "appearances" to keep up. Under these happy conditions he soon acquires land and houses, which afford a steady revenue while he sleeps or fishes. The earth here has only to be scratched in order to bring forth wealth, so rich is the soil and so abundant the water.

PERILOUS ATHLETICS.

Sport That Wrecks the Heart an Evil to Be Avoided.

"No one will gainsay the value and pleasure of outdoor exercise graduated to suit the needs of every individual throughout life," says the Journal of the American Medical Association, "but the species of overdoing called for in the intense competition of the great contests of our schools and colleges can no longer be defended by platitudes regarding the alleged psychologic value of its competitive features. The time has come when statistics regarding latent athletic injuries must be reckoned with and the lives of our youths safeguarded by making a distinction between sane sport and insane participation in the intolerable strain of competitive games of the extreme type."

The same paper says the authorities of colleges need to be reminded in an emphatic way, in the words of Dr. R. N. Wilson of Philadelphia, that "no form of athletic event is sane that demands of the participants the semiconscious state of heart exhaustion at its conclusion."

And it denounces the daredevil forms of "sport" that depend for their thrill on nearest possible approach to death by the actors in them, such, for example, as "looping the loop" in an aeroplane or driving a motorcar a hundred miles an hour. Such, it says, are not sport, but degeneracy.

A Strange Situation.

"Humor is a very funny thing," said Binks.

"It ought to be," said the philosopher.

"Oh, I don't mean that way," said Binks. "I mean that it is a strange thing. Now, I can't speak French, but I can always understand a French joke, and I can speak English, but I'm blessed if I can see an English joke."

"Most people are," said the philosopher.

"Are what?" said Binks.

"Blessed if they can see an English joke," said the philosopher. "It is a sign of an unusually keen vision."

Both Busy.

"I'm worn out. I've been breaking in a new cook."

"I've got my hands full too. I'm breaking in a new husband."—Browning's Magazine.

ADDITIONAL LOCAL

Harvey Prather came in from his ranch Wednesday after a few days' sojourn there. Owing to a misunderstanding with his horse, Harvey was forced to walk, the animal leaving the place first and coming home several hours ahead of schedule, without a rider.

W. A. Payne, of Oakland, and Anthony Smith, of Los Angeles, are visitors at the Heryford home in this city.

The garden party in the grounds of St. Mary's Catholic church on Thursday night, July 27th, was a success. It was well attended. The people enjoyed themselves. The ladies made $92 over expenses. Thanks to all who helped to make it a success.

Fritz Johnson and Mr. and Mrs. Tom Johnson and Mrs. Matt Thompson were over from Comptche Sunday.

Miss Lucile Cleland has accepted a position in the county clerk's office during the present rush of registration.

Henley Smith and Frank Hopkins drove in a band of cattle from Potter valley Thursday.

Mrs. Myron Harris, who has been visiting at the home of her sister, Mrs. Claire Smith, for some weeks, left Wednesday for her home in Oakland.

J. Granholm, of Fort Bragg, was in town on business yesterday.

Victor L. Weisse came over from Fort Bragg during the latter part of the week and transacted business in this city.

R. H. Games came up from Hopland Wednesday on business.

A. J. and A. Hawn, of Branscomb, were in town during the week.

M. C. Briggs, Jake Dashiell and Charles Hopkins, prominent ranchers of Potter valley, were in town yesterday on business.

Miss Alice Lamb is visiting Mrs. Mayme Gibson in Santa Rosa this week.

W. A. Payne, of Oakland, and Anthony Smith, of Los Angeles, are visiting at the home of William Heryford this week.

Mrs. A. H. Witherell, who has been visiting her sister, Mrs. John McGimsey, for some time, left Tuesday for her home near Ornbaun.

Herman Mattern, of this place, was stopped with several other autoists near Novato the first of the week and fined $10 for speeding on the state highway.

Miss Helen Puett leaves the latter part of the week for Albion, where she will resume her duties in the school at that place.

General Graham and wife were Sacramento visitors the past week.

Darrell McClure is here this week for a visit with relatives.

Guy Redwine and party, Geo. Ginochio and Fred Chalfant, returned this week from Trinity county, where they have been on a government surveying job.

Geo. L. Ticehurst was down from his ranch in Redwood valley Wednesday. He contemplates removing to other parts in the near future.

Let us introduce to you our new specialty

Eaton, Pike and Crane

FANCY STATIONERY

A high grade paper to suit every purse.

THE JOSEPH JEWELRY CO.

The House of Quality

DANSANT WEDNESDAY

The second of a series of dances planned and given by Gibbs and Scarry, came off last Wednesday evening at Cleland's hall. It is the idea of these two gentlemen to keep out the undesirables and to make their dances so that the most particular may enjoy himself. Working with this idea in mind, the affairs are made invitational, and only those are admitted who have invitations. The music last Wednesday evening was perfect, while the floor was in fine condition. A large crowd enjoyed the splendid chance for dancing.

BROWNIES' EUREKA TRIP CALLED OFF YESTERDAY

The Ukiah Brownies will not go to Eureka today, the trip having been called off yesterday, when Manager Brown received telephone message from Eureka to that effect.

They will play Willits at Willits instead next Sunday.

NOTICE

Burnight's ice cream will not be sold by any peddling wagon, except in the hop fields, during the hop-picking season. T. S. BURNIGHT.

Their Fate.

"What disposition is made of the children of the couple?"

"They will spend six months with the servants of each parent."—Puck.

Any man may commit a mistake, but none but a fool will continue in it. —Cicero.

Meredith Duncan is spending a few days visiting his parents, Mr. and Mrs. Charles Duncan.

G. M. Wright, of Upper Lake, was registered at the Cecil yesterday.

NOTICE TO TAXPAYERS TOWN OF UKIAH CITY

NOTICE IS HEREBY GIVEN to the taxpayers of the Town of Ukiah City, County of Mendocino, State of California, that the undersigned City Assessor has completed the assessment roll of property in the said town for the current year.

NOTICE IS HEREBY FURTHER GIVEN that the Board of Trustees of said Town will meet at the City Hall, on the Southeast corner of Church and School streets in said Town on Monday, August 14, 1916, at ten o'clock A. M. of said day and sit as a board of equalization to equalize assessments and will continue in session from day to day until the returns of the Clerk and ex-officio assessor have been rectified. All complaints in regard to the assessment book will then and there be heard and errors therein will be corrected, modified and struck out, pursuant to the statute and provisions of Ordinance No. 88 relating to the assessment of property within said town.

NOTICE IS HEREBY FURTHER GIVEN that in the meantime the said assessment book will remain in the office of the undersigned Clerk for the inspection of all persons interested.

Dated this 3d day of August, 1916.

ALBERT M. HARDIE,
Clerk and ex-officio Assessor of the Town of Ukiah City.

See "Ramona" to-night or to-morrow night at the Victory. Prices 25 and 50.

Mrs. L. Lamb returned this week from a visit in Sonoma county.

Mrs. Jack Love left this week for Stockton, where she will be joined later by Mr. Love.

Mrs. Fred Finney, of Calpella, was a Ukiah visitor Wednesday, accompanied by her niece and her daughter.

Miss Nita York, who has been visiting the Ed Gibson family at Covelo, returned last Monday to her home here.

Postmaster Hagans and Sheriff Byrnes, who have been spending a week at the Byrnes ranch on Two Log creek, in the Big River section, returned to town yesterday.

Bernard Saunders returned this week from a visit at Point Arena. Bernard, whose occupation as a photographer has given him a fine discrimination as to feminine beauty, is loud in his praises of Point Arena's pretty girls, and of one in particular. He may return to the coast town to locate if his case proceeds as virulently as it has started.

An embodiment of the early western life! Friday and Saturday nights at the Victory.

Mrs. Minnie White Brennan and son and her sister, Mrs. Ella Hoag, former well known residents of this county, were in town yesterday en route to Orrs.

Miss Laurence McCready, of this city, was successful last week in passing the examination for qualification to teach in the grammar schools of San Francisco.

Attorney J. W. Kingren came over from Point Arena the latter part of last week.

Nick Cocking was in from his ranch on the Boonville road last Saturday.

Attorney John Curts and family left the first of the week for their home at Sutter Creek, after visiting with relatives and friends in this city and Laytonville.

Roscoe Corley came up from South City last Saturday evening for a few days' vacation.

Mrs. Isabelle Haines is home from her trip to Santa Cruz. Her sister, Mrs. Irene Root, departed the latter part of last week for her home in the city.

Mrs. Elizabeth Cox returned the latter part of last week from a visit with relatives in Covelo, and departed the first part of this week for San Francisco on an extended visit.

Mr. and Mrs. Ed Rasmussen were over from Mendocino the first of the week for a few days' visit with Mr. and Mrs. E. P. Thurston.

Pat Connolly and wife were visitors in San Francisco this week.

Fred Thomas came up from San Francisco the latter part of last week after a short business trip.

Ernest Mathews is here for a visit with J. R. Mathews, his father.

J. H. Barker came home for a few days' visit the first of the week.

F. W. James was among the prominent Willits residents in town on business this week.

Joe Golgert, a drayman of the Mendocino section, was in town the first of the week.

Born—At Potter valley, July 28th, to Mr. and Mrs. Frank Gibson, a son. Dr. Van Allen reports mother and child doing fine.

Dr. Van Allen reports the birth of a son to Mr. and Mrs. Ed Spear in this city yesterday morning. Ed is receiving the congratulations of his friends and wears the smile that wont come off.

Dr. J. F. McClure and wife returned Wednesday evening after a ten days' auto trip in the southern part of the state, visiting Long Beach and other sea coast resorts.

EVERSOLE PARTY ENJOY AUTO TRIP TO TAHOE

UKIAH PARTY MEET SEVERAL EX-RESIDENTERS, WHO SEND REGARDS TO OLD FRIENDS

That J. W. Eversole, and party, who left last week for an auto trip to Tahoe, are enjoying every minute of their trip is evidenced by the following letter received by the editor yesterday:

Mr. Eversole says:

We left Ukiah at 8 a. m. Friday and made Napa for lunch. Before leaving the hotel someone rang up asking who had the car from Ukiah, and on answering the phone I was surprised to learn that Mr. Taggart, who formerly worked for Harry Cameron, was there. He seems healthy and prosperous.

We found the weather warm from there to Sacramento.

We made a short stop at Vacaville. Along the way we saw scores of men picking pears and packing them for shipment. The crop seems to be very good.

Before entering Sacramento we drove over the new causeway, which is a great improvement for that part of the county. We arrived in Sacramento about 6 o'clock, and after dinner walked down K street and saw Julian Kelton, who inquired for old friends in Ukiah.

About 8:45 Saturday morning we left Sacramento and started north, passing through Rocklin, Newcastle and Auburn, and stopping at Colfax for lunch. We called on O. E. Williams and family and found them all well and happy. Mr. Williams wanted to be remembered to all his old friends in Ukiah. He has quite a nice general merchandise store and reports a good business.

Most of the time, after leaving Sacramento, we were climbing until we reached Summit, which is over 7000 feet above sea level. We drove through snow on the east side of the mountains and passed along the east side of Donner Lake its entire length. It is a beautiful body of water and recalls to our mind the hardships endured by the Donner party in the early days.

We arrived in Truckee (the great ice factory town) at 6:30, and after a splendid repast we continued our journey to Tahoe, where we spent the night at the north end of the lake, and on Sunday afternoon drove around the west side, stopping occasionally to enjoy the scenery, which is surely grand. The waters of the lakes are as clear as crystal and very inviting for bathing, fishing and boating.

We stopped at Tallac, but found that famous hostelry closed, so we went on to Al Tahoe and put up for the night. This a very quiet and restful resort, where one can see enough style, but where it is not overdone, as it is in very many fashionable places.

Monday morning we drove over into Nevada, a short distance, and started on our way back to Sacramento. Again we had to climb to an altitude of over 7500 feet, causing the water to boil in the radiator several times.

After crossing the divide, we traveled over the best mountain roads I have ever seen for a distance of about 50 miles before we arrived at Placerville, where we struck the paved highway, which took us through Folsom, which institution we visited, going as far as they would allow us to go. We had no desire to put up there so came on to Sacramento.

Tomorrow we will go down to Stockton and then work back to the bay, and hope to be back in Ukiah again by the 4th of August.

We have traveled 460 miles up to this time, with Maybird at the wheel, without any car trouble, not even a puncture.

WEEKS NEWS AT FORT BRAGG

FORT BRAGG MAN BREAKS HIP BONE

(Advocate.)

Nels Nelson had his left hip bone shattered Monday morning when he fell thirty feet from bridge No. 28, on the local railroad.

He was at work tightening up the nuts of the iron work, when his wrench slipped and he went over backwards. It was a distance of about thirty feet to the gravel bank beneath, upon which he struck on his side.

The shock was so great that his hip bone was badly shattered and it is probable that he may be crippled for life.

POOR FAMILIES AT FORT BRAGG GET VENISON

Five poor families in Fort Bragg are eating venison today as the result of Game Warden Perkins landing Fred Tomblyof Big River with "forbidden goods" Sunday evening, says the Fort Bragg Advocate.

In Tombly's rambles that afternoon he came across a nice big fat forked horn, and for fear that he might not see him again, part of this year's limit was insured right there and then.

It's had to beat the law, for Perkins had the meat before it was cold. And the worst of it all was, the two were the best of friends.

The usual custom is for the Game Wardens to send their "spoils of war" to the County Farm at Ukiah, but in this case the meat had not been properly bled and would have spoiled quickly in the heat of the valley. Roy, therefore, secured the names of five of the poorest families in Fort Bragg from one of our leading merchants, and distributed the choice chops, ribs, etc., accordingly.

There were at least six children in each of the families, so it is readily seen that this thoughtful act, whereby the meat was given to the poor of Fort Bragg, accomplished the greatest good.

John Guenza and wife were Ukiah visitors the latter part of last week. Mr. Guenza has given up his ranch at Albion and has departed for Santa Rosa, where he will farm his big holdings in that section. Mr. Rossotti, also of Albion, was in town Saturday.

MANY FIRES THROUGH COUNTY

SMOKE FROM SEVERAL BLAZES DARKEN AIR FOR SEVERAL DAYS

During the past two weeks Mendocino county has been darkened by the smoke from many fires. Much damage has been done all over the county. Last Monday afternoon a fire broke out in the business district of Covelo, swept everything before it for a block, burning up some seven buildings before the efforts of the bucket brigade were of any avail. The fire started in a barber shop belonging to Charles Barkdoll while the latter was out to lunch. Just how the flames came to start has not been definitely ascertained. With the few fire-fighting facilities that are present in Covelo the whole population of the city went to work, and it was only through the energy shown by the bucket brigade that kept the whole town from being destroyed.

The fire that broke out in the manzanita flat north of the cemetery last Friday afternoon also did a good deal of damage. About fourteen cords of pine and some manzanita and madrone were burned. The back fire, which was set by Frank Wilson to prevent the fire getting into the cemetery, got away from the fighters and did quite a bit of burning on its own account. The fire finally got into the cemetery and did quite a bit of damage in the Odd Fellows' cemetery, burning up the wooden palings, etc.

Potter valley also had its session with a fire. The forest blaze started on the Thomas range, near the manganese mine, and with the northwest wind behind it neared the valley at the Bud Neil ranch last Friday afternoon. About fifty men answered the call for fighters and kept the fire from getting into the valley, where nothing could have stopped it until much damage had been done. The John Popoff house, in the lower part of the valley, was burned to the ground Thursday evening through a defective flue.

The damage done by the fires throughout the county is estimated at about $15,000.

A fire started yesterday on the McNab ranch south of town and looked for a while as if it would sweep over the whole vicinity in and around the mountains below Largo. This morning, however, the flames seem to have died down to some extent. The damage done yesterday, however, was considerable, as many sheep had to be moved from the ranch and out of the course of the fire. Nearly all the male population living between Largo and Hopland were out yesterday afternoon fighting the fire.

Miss Ethel Ford, who was assisting at the City of Ukiah for several weeks, left this week for the city to spend a few days before the Ukiah high school resumes.

Mrs. Winnie Cox returned during the first of the week from a visit with relatives on the coast.

F. C. Bull returned Wednesday from a vacation trip to San Francisc and other bay cities.

Shoes For Your Outing

I have just received a full line of Shoes, Leggins, Gaiters, Etc., for the vacation season, which I am offering at very reasonable prices. Call and inspect my stock before leaving for your outing. I have just what you want for your comfort on your vacation trip. Sole agent for the Red Cross shoes for women and Dr. Reed's Cushion Sole shoes for men.

115 W. Perkins St. Ukiah, Calif.

CAR BURNS ON GRADE

The Pope-Hartford belonging to G. W. Creaser, who recently started an auto stage from Willits to Ukiah, and from Ukiah to Cloverdale, burned up last Saturday while en route from Cloverdale to Ukiah. The car was seemingly running along without any sign of excessive heating, but suddenly burst into flames, and despite all efforts to put out the fire the car was soon totally consumed.

WILL HOLD DISTRICT MEETING

The Odd Fellows of this district are making arrangements for a big district meeting which will be held at Ukiah, August 26th. All of the neighboring lodges have been invited and all sojourning brothers are also extended a cordial invitation to participate in the festivities.

Next winter another district meeting will be held at Willits, and the lodge in the northern city will be the hosts of the chain gang.

R. C. Silke, a prominent resident of Potter valley, was in Ukiah Monday.

MENDOCINO CO.

Is the third county north of San Francisco bordering on the Pacific Ocean.

Has an area of 3460 square miles.

Lies in the Coast Range mountains.

Is pleasantly diversified by mountain, valley, sea coast and forest.

Has an average annual rainfall of 36 inches.

Temperature in the valleys ranges from 30 to 75 in winter and from 50 to 100 in summer; on the coast from 30 to 70 in the winter and from 45 to 85 in the summer.

Products are cereals, deciduous fruits, dairy produce, poultry, eggs, wool, livestock, hops, lumber grapes and wine.

Is on the line of the Northwestern Pacific, connecting San Francisco and Eureka, Humboldt county.

Has a population of 23,929.

Has best hunting and fishing in California.

UKIAH

Is the county seat of Mendocino county.

Has a population of 2136 in the city and limits and 5141 in the township.

Is in the center of Ukiah valley.

Is on the line of the Northwestern Pacific Railroad.

Is 112.32 miles north of San Francisco.

Has the following:

County high school.

Churches of leading denominations

Three banks

Three newspapers

Telephone system

Gas plant

Sewer system

Telegraph

Pure water

Electric lights and power

Cannery

State Insane Asylum

Bituminized streets

Tannery

Farmers' Club

Flour Mill

Public Library

Merchants' Association

Exports hops, grapes, wine, wool, livestock, fruits.

Raises the finest Bartlett pears in the world.

Gives an annual hop festival.

No malaria

No fleas

No mosquitos.

NOTICE OF ELECTION FOR THE FORMATION OF A UNION HIGH SCHOOL DISTRICT

NOTICE IS HEREBY GIVEN that an election will be held at the school houses of Nokomis, Hopland Union, Lima, McDowell and Pine Mountain School Districts on August 5th for the purpose of forming a Union High School District to be known as Hopland Union High School District and to be composed of the above named Districts. The polls will be open between the hours of 1 P. M. and 5 P. M.

ANNA PORTERFIELD,
Superintendent of Schools.

Dated July 21, 1916.

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF MENDOCINO.

In the matter of the application of John Guenza to establish of record the fact of the births of John Peter Guenza, Josephine Anna Guenza, Eugene Battista Guenza, Charles Michael Guenza, and Philip Camillo Guenza.

Notice is hereby given that on the 31st day of Juy, 1916, John Guenza filed in this court his petition to have judicially determined and established the fact of the births, with the time and place thereof, of John Guenza, Josephine Anna Guenza, Eugene Battista Guenza, Charles Michael Guenza and Philip Camillo Guenza, children of John Guenza and Maria Guenza, and that thereupon the Judge of this court and the clerk thereof, appointed Monday, the 21st day of August, 1916, at the hour of ten o'clock A. M. of said day, at the court room of this court at the court house in Ukiah city in said county and state, as the time and place for hearing said petition.

All persons interested are notified then and there to appear and show cause, if any they have, why the said petition should not be granted, and the fact of said births, together with the time and place thereof, established of record by the order of this court.

Dated July 31, 1916.

Notice by Secretary of State of Offices for which Candidates are Nominated at Primary Election and Names of Political Parties Qualified to Participate Therein.

DEPARTMENT OF STATE,
Sacramento, July 20, 1916.

To the County Clerk of Mendocino County, California:

Pursuant to section 4, subdivision 1 of the direct primary law, notice is hereby given that the offices for which candidates are to be nominated at the primary election to be held on Tuesday, the twenty-ninth day of August, 1916, together with the names of the political parties qualified to participate in such election are as follows:

CONGRESSIONAL OFFICES

United States Senator.

Representative in Congress First District.

LEGISLATIVE OFFICES

Member of the Assembly 6th District.

That the names of the political parties qqualified to participate in such election for nomination of candidates for each of the above mentioned offices are as follows:

REPUBLICAN.
PROGRESSIVE.
DEMOCRATIC.
SOCIALIST.
PROHIBITION.

COUNTY AND TOWNSHIP OFFICES

Supervisor — First Supervisoral District.

Supervisor — Second Supervisoral District.

Supervisor — Fourth Supervisoral District.

Supervisor — Fifth Supervisoral District.

I further certify that at said election there is to be chosen by the electors of each of the political parties above named, in any senatorial district represented by a state senator whose term of office extends beyond the first Monday in January of the year next ensuing after said primary election, one delegate to the State Convention of such party, and that at said election there shall be elected in each county and city and county a county central committee for each of said political parties as provided in subdivision 4 of section 24 of the direct primary law.

(Seal) FRANK C. JORDAN,
Secretary of State.

By Frank H. Cory, Deputy.

State of California,
County of Mendocino.

In addition to the foregoing notice is hereby given that each political party is entitled to elect members of the County Central Committee, as follows:

	Democratic	Republican	Socialist	Progressive	Prohibition
Dist. No. 1	3	3	2	3	4
Dist. No. 2	8	5	3	7	5
Dist. No. 3	6	5	6	7	5
Dist. No. 4	4	7	7	4	3
Dist. No. 5	2	3	2	2	1

S(eal) HALE PRATHER,
County Clerk.

Ruth Saxon, of Willits, was in Ukiah en route to Orr's last week.

Cecil W. Riggs, of Willits, was registered at the Palace last Saturday.

STATE HIGHWAYS ACT OF 1915

Notice is hereby given that at the general election to be held on Tuesday, the 7th day of November, 1916, there will be submitted to the people of the State of California the following act of the Legislature approved by the Governor May 20, 1915:

CHAPTER 404.

An act authorizing the acquisition, construction, improvement, maintenance and control of the uncompleted portions of the system of state highways prescribed and contemplated by an act entitled "An act authorizing the construction, acquisition, maintenance and control of a system of state highways in the State of California; specifying the work, fixing the payments to be made by counties for moneys expended therein; providing for the issuance and sale of state bonds to create a fund for the construction and acquisition of such system; creating a sinking fund for the payment of said bonds; and providing for the submission of this act to a vote of the people," approved March 22, 1909, and approved, ratified and adopted by the people of the State of California at the general election held in the month of November, A. D., 1910, and known and cited as the "State Highways Act," and certain extensions therefrom; specifying the work, fixing the payments to be made by counties for moneys expended therein; providing for the issuance and sale of state bonds to create a fund for the construction, improvement and acquisition of the uncompleted portions of said system and certain extensions therefrom; creating a revolving fund to be used by the state department of engineering for the purposes of this act; creating a sinking fund for the payment of said bonds; and providing for the submission of this act to a vote of the people.

The people of the State of California do enact as follows:

Section 1. The fund created for the construction and acquisition of a system of state highways by an act entitled "An act authorizing the construction, acquisition, maintenance and control of a system of state highways in the State of California; specifying the work, fixing the payments to be made by counties for moneys expended therein; providing for the issuance and sale of state bonds to create a fund for the construction and acquisition of such system; creating a sinking fund for the payment of said bonds; and providing for the submission of this act to a vote of the people," approved March 22, 1909, and approved, ratified and adopted by the people of the State of California at the general election held in the month of November, A. D. 1910, and known and cited as the "State Highways Act," being inadequate to fully carry out the objects of said act, the uncompleted portions of said system prescribed by said "State Highways Act" and certain extensions therefrom hereinafter specified shall be constructed, improved and acquired as and in the manner provided by law by the department of engineering of said state at a cost not to exceed fifteen million dollars. For the purpose of providing for the payment of the cost of the construction, improvement or acquisition necessary for and in completing said system of said highways and supplementing the fund created by said "State Highways Act," the State of California is hereby authorized to incur an indebtedness in the manner provided by this act in the sum of fifteen million dollars.

Immediately after the issuance of the proclamation of the governor, as provided in section 11 of this act, the treasurer of the state shall prepare fifteen thousand suitable bonds of the State of California in the denomination of one thousand dollars each, to be numbered from 1 to 15,000 inclusive, and to bear the date of the third day of July, 1917. The total issue of said bonds shall not exceed the sum of fifteen million dollars and they shall bear interest at the rate of four and one-half per cent per annum from the date of issuance thereof. The said bonds and the interest thereon shall be payable in gold coin of the United States of the present standard of value either at the office of the treasurer of said state or, at the option of the holder, at the fiscal agency for the State of California in the city of New York in the state of New York, at the times and in the manner following, to-wit: The first three hundred seventy-five of said bonds shall be due and payable on the third day of July, 1923, and three hundred seventy-five of said bonds in consecutive numerical order shall be due and payable on the third day of July in each and every year thereafter until and including the third day of July, 1962. The interest accruing on all of said bonds that shall be sold shall be payable either at the office of the treasurer, as the holder may elect, on the third day of January and the third day of July of each and every year after the sale of the same. The interest on all bonds issued and sold shall cease on the day of their maturity and the said bonds so issued and sold shall on the day of their maturity be paid as herein provided and canceled by the treasurer of said state. All bonds remaining unsold shall, at the date of the maturity thereof be by the treasurer of the state canceled and destroyed. All bonds issued pursuant to the provisions of this act shall be signed by the governor of this state, countersigned by the state controller and endorsed by the state treasurer, and the said bonds shall be so signed, countersigned and endorsed by the officers who are in office on the third day of July, 1917, and each of said bonds shall have the great seal of the State of California impressed thereon. The said bonds signed, countersigned, endorsed and sealed as herein provided, when sold, shall be and constitute a valid and binding obligation upon the State of California, though the sale thereof be made at a date or dates after the person so signing countersigning and endorsing, or either of them, shall have ceased to be the incumbents of said office or offices.

Sec. 2. Appended to each of said bonds there shall be interest coupons so attached that the same may be detached without injury to or mutilation of said bond. The said coupons shall be consecutively numbered and shall bear the lithographed signature of the state treasurer who shall be in office on the third day of July, 1917. No interest shall be paid on any of said bonds for such time as may intervene between the date of said bond and the date of sale thereof, unless such accrued interest shall have been, by the purchaser of said bond, paid to the state at the time of such sale.

Sec. 3. The legislature shall provide by appropriation sufficient money to defray all expenses that shall be incurred by the state treasurer in the preparation of said bonds and in the advertising of the sale thereof, as in this act provided.

Sec. 4. When the bonds authorized by this act to be issued shall have been signed, countersigned, endorsed and sealed as in section one provided, the state treasurer shall sell the same in such parcels and numbers as the governor of the state shall direct, to the highest bidder for cash. The governor of the state shall issue to the state treasurer such direction immediately after being requested so to do, through and by a resolution duly adopted and passed by a majority vote of the advisory board of the department of engineering. Said resolution shall specify the amount of money which, in the judgment of said advisory board, shall be required at such time, and the governor of the state shall direct the state treasurer to sell such number of said bonds as may be required to raise said amount of money and that said bonds shall be sold in consecutive numerical order commencing with the first three hundred seventy-five thereof. The state treasurer shall not accept any bid which is less than the par value of the bond plus the interest which has accrued thereon between the date of sale and the last preceding interest maturity date. The state treasurer may at the time and place fixed by him for said sale continue such sale as to the whole or any part of the bonds offered to such time and place as he may at the time of such continuance designate. Before offering any of said bonds for sale, the said treasurer shall detach therefrom all coupons which have matured or will mature before the date fixed for such sale. The state treasurer shall give notice of the time and place of sale by publication in two newspapers published in the city and county of San Francisco and in one newspaper published in the city of Oakand, and in one newspaper published in the city of Los Angeles and in one newspaper published in the city of Sacramento once a week for four weeks next preceding the date fixed for such sale. In addition to the notice last above provided for, the state treasurer may give such further notice as he may deem advisable, but the expenses and costs of such additional notice shall not exceed the sum of five hundred dollars for each sale so advertised.

There is hereby created in and for the state treasury a fund to be known and designated as the "Second State Highway Fund," and immediately after such sale of bonds the treasurer of the state shall pay into the state treasury and cause to be placed in said second state highway fund the total amount received for said bonds, except such amount as may have been paid as accrued interest thereon. The amount that shall have been paid at such sale as accrued interest on the bonds sold shall be by the treasurer of the state, immediately after such sale, paid into the treasury of the state and placed in the "Second State Highway Interest and Sinking Fund," which is hereby created.

Of the moneys placed in the said second state highway fund, pursuant to the provisions of this section, the sum of twelve million dollars, or so much thereof as may be necessary, is hereby made available, and shall be used exclusively for the acquisition of rights of way for and the acquisition, construction and improvement of the uncompleted portions of the system of state highways prescribed by said "State Highways Act." And of said moneys so placed in said second state highway fund, the sum of three million dollars, or so much thereof as may be necessary, is hereby made available and shall be used exclusively for the acquisition of rights of way for, and the acquisition, construction and improvement of certain extensions from said system of state highways prescribed by said "State Highways Act" as follows: An extension connecting the interior and coast trunk lines in northern California through Trinity and Humbodt counties by the most direct and practical route; an extension connecting the San Joaquin valley trunk line at a point between the city of Merced in Merced county, and the city of Madera, in Madera county, with the coast trunk line at or near the city of Gilroy in Santa Clara county, through Pacheco pass, by the most direct and practical route; an extension of the Mariposa county state highway lateral to or near the railway station El Portal, in Mariposa county; an extension connecting the San Joaquin valley trunk line in Tulare county with the coast trunk line in Monterey county, by the continuation of the lateral between the cities of Visalia and Hanford through Coalinga by the most direct and practical route; an extension connecting the San Joaquin valley trunk line at or near Bakersfield with the coast trunk line in San Luis Obispo county, through Cholame pass, by the most direct and practical route; an extension of the San Bernardino county state highway lateral to Barstow, in San Bernardino county, by the most direct and practical route; an extension connecting Antelope valley, in the county of Los Angeles, with the city of Los Angeles, by the most direct and practical route; and an extension of the San Bernardino county state highway lateral to the Arizona state line near the town of Yuma, Arizona, via the cities of Brawley and El Centro in Imperial county, by the most direct and practical route; **provided, however,** that expenses of the acquisition, construction and improvement of the extensions above enumerated and the acquisition of rights of way therefor, shall be partly born by the county or counties in which such extensions lie, the extent and character of such division of expenses between the state and county shall rest for final determination with the state department of engineering and said department is hereby authorized to enter into such agreements and undertakings as are necessary to properly carry out the intent of this section.

The route or routes of said state highways to be acquired, constructed or improved under the provisions of this act shall be selected by the department of engineering in the manner provided by and to carry out the objects of said "State Highways Act" and in the manner provided by and to carry out the objects of this act.

Moneys shall be drawn from said second state highway fund for the purposes of this act upon warrants duly drawn by the controller of the state upon demands made by the department of engineering and allowed and audited by the state board of control; **provided, however,** that out of the proceeds of the first sale of bonds made hereunder the state controller and the state treasurer shall transfer upon their respective books the sum of one hundred thousand dollars to the credit of the "State Highway Revolving Fund," which fund is hereby created in the state treasury. The moneys in said state highway revolving fund, or such part thereof as the advisory board of the department of engineering shall deem necessary, may be expended, from time to time, upon the demands of the department of engineering, approved by the state board of control, for the purpose of making cash payments in advance for such expenditures as are necessary and proper to carry out the provisions of this act. Upon receipt of such demands, so approved, it shall be the duty of the state controller to draw his warrant upon said "State Highway Revolving Fund" in favor of the person or persons therein named, and the state treasurer shall pay the same. On or before the tenth day of each month thereafter, the department of engineering shall submit to the state board of control a verified, itemized statement, showing all expenditures during the preceding calendar month of the moneys so withdrawn from said "State Highway Revoving Fund," accompanied by proper vouchers and receipts therefor. Such statements shall be audited by the state board of control in the same manner that claims against the state are audited, and, if found to be correct, shall be approved by the state board of control and transmitted to the state controller with such approval endorsed thereon. The state controller shall thereupon draw his warrant upon the "Second State Highway Fund" in favor of the department of engineering for the aggregate amount of such expenditures, and upon the surrender of such warrant properly endorsed, the state treasurer shall transfer the amount thereof upon the books of his office from the said "Second State Highway Fund" to the said "State Highway Revolving Fund," to be expended as aforesaid.

Sec. 5. There is hereby appropriated from the general fund in the state treasury such sum annually as will be necessary to pay the principal of and the interest on the bonds, issued and sold pursuant to the provisions of this act, as said principal and interest becomes due and payable.

There shall be collected annually in the same manner and at the same time as other state revenue is collected such a sum, in addition to the ordinary revenues of the state as shall be required to pay the principal and interest on said bonds as herein provided, and it is hereby made the duty of all officers charged by law with any duty in regard to the colection of said revenue, to do and perform each and every act which shall be necessary to collect such additional sum.

The treasurer of the state shall, on the first day of January, 1918, and on the first day of each July and the first day of each January thereafter transfer from the general fund of the state treasury to the "Second State Highway Interest and Sinking Fund" such an amount of the money by this act appropriated as shall be required to pay the interest on the bonds theretofore sold, until the interest on all of said bonds so sold shall have been paid or shall have become due in accordance with the provisions of this act.

There is hereby created in the state treasury a fund to be known and designated as the "Second State Highway Sinking Fund." The treasurer of the state shall on the first day of July of the year 1923, and on the first day of July, of each, any and every year thereafter in which a parcel of the bonds sold pursuant to the provisions of this act shall become due, transfer from the general fund of the state treasury to the said second state highway sinking fund such an amount of the moneys appropriated by this act as may be required to pay the principal of the bonds so becoming due and payable in such years.

Sec. 6. The principal of all of said bonds sold shall be paid at the time the same becomes due, from the second state highway sinking fund, and the interest on all bonds sold shall be paid at the time said interest becomes due, from the second state highway interest and sinking fund. Both principal and interest shall be so paid upon warrants duly drawn by the controller of the state upon demands audited by the state board of control, and the faith of the State of California is hereby pledged for the payment of the principal of said bonds so sold, and the interest accruing thereof.

Sec. 7. The state controller and state treasurer shall keep full and particular account and record of all their proceedings under this act and they shall transmit to the governor in triplicate an abstract of all such proceedings thereunder with an annual report in triplicate, one copy of each to be by the governor, laid before each house of the legislature biennially. All books and papers pertaining to the matter provided for in this act shall, at all times, be open to the inspection of any party interested, or the governor, or the attorney general, or a committee of either branch of the legislature or a joint committee of both or any citizen of the state.

Sec. 8. The highway constructed or acquired under the provisions of this act shall be permanent in character and be finished with oil or macadam or a combination of both, or of such other material as in the judgment of the said department of engineering shall be most suitable and best adapted to the particular locality traversed. The state department of engineering, in the name of the people of the State of California, may purchase, or receive by donation or dedication from counties, or from public or private persons, or it may lease, any right of way, rock quarry or land necessary or proper for the construction, use, improvement or maintenance of said state highway and shall proceed, if necessary, to condemn under the provisions of the Code of Civil procedure relating to such proceedings any necessary or proper right of way, rock quarry or land. The department of engineering in accordance with law shall have power and authority to purchase, sell, exchange, lease or otherwise acquire or dispose of all supplies, stock, material, machinery and implements and do all other things necessary or proper in the construction, improvement or maintenance of said state highway. The department of engineering in accordance with law shall have power and authority to purchase, lease, or erect plants for manufacture of cement, crushed rock and other materials used in road or highway work, and also the power to dispose of said plants when no longer required for such purposes. With the exception of those public highways which have been permanently improved under county or permanent road division bond issues within nine years prior to the adoption of this act, all public highways within this state lying within the right of way of said state highwas as determined and adopted by the department of engineering shall be and the same shall become a part of the right of way of said state highway, without compensation being paid therefor; **provided,** nothing herein contained shall require the state to maintain any highway along or on said right of way, prior to the completion or acquisition of the permanent improvements contemplated by this act. Whenever any money received from the sale of bonds, under the provisions of this act, shall be expended in any county in the state, such county must pay into the state treasury such sum each year as shall equal the interest, at the rate of four and one-half per cent per annum, upon the entire sum of money expended from the proceeds of the bonds issued under this act within such county in the construction of said state highway, less such portion of said amount expended as the bonds matured under the provisions of this act shall bear to the total number of bonds sold and outstanding; **provided, however,** that in all cases where, by reason of physical difficulties to be overcome, or other good and sufficient cause, the state department of engineering shall determine that the cost of construction of any portion of such state highway in any county, or counties, is so great as to entail an unjust and inequitable burden upon any such county, or counties, in refunding to the state the sums so paid for interest upon the bonds sold and the proceeds thereof applied as aforesaid, such county, or counties, shall not be required to refund the whole amount of such interest, but only such proportion thereof as the state department of engineering shall adjudge to be fair and reasonable. All highways constructed or acquired under the provisions of this act shall be permanently maintained and controlled by the State of California.

Sec. 9. This act, if adopted by the people, shall take effect on the thirty-first day of December, 1916, as to all its provisions except those relating to, and necessary for, its submission to the people and for returning, canvassing and proclaiming the votes, and as to said excepted provisions this act shall take effect ninety days after the final adjournment of the present session of the legislature.

Sec. 10. This act shall be submitted to the people of the State of California for their ratification at the next general election to be holden in the month of November, nineteen hundred and sixteen, and all ballots at such election shall have printed thereon the words "For the State Highway Act of 1915" and such other designation as may be necessary to properly identify this act. In a square immediately below the square containing said words there shall be printed on said ballot the words "Against the State Highway Act of 1915." Opposite the words "For the State Highway Act of 1915" and "Against the State Highway Act of 1915," there shall be left spaces in which the voters may make or stamp a cross to indicate whether they vote for or against this act, and those voting for said act shall do so by placing a cross opposite the words "For the State Highway Act of 1915," and those voting against said act shall do so by placing a cross opposite the words "Against the State Highway Act of 1915." The governor of this State shall include the submission of this act to the people as aforesaid, in his proclamation calling for said general election.

Sec. 11. The votes cast for or against this act shall be counted, returned and canvassed and declared in the same manner and subject to the same rules as votes cast for state officers, and if it appears that said act shall have received a majority of all the votes cast for and against it at such election, as aforesaid, then the same shall have effect as hereinbefore provided and shall be irrepealable until the principal and interest of the liabilities herein created shall be paid and discharged, and the governor shall make proclamation thereof. But if a majority of the votes cast, as aforesaid, are against this act then the same shall be and become void.

Sec. 12. It shall be the duty of the secretary of state to have this act published in at least one newspaper in each county, or city and county, if one be published therein, throughout this state, for three months next preceding the general election to be holden in the month of November, A. D. nineteen hundred and sixteen; the cost of publication shall be paid out of the general fund, on controller's warrants duly drawn for the purpose.

Sec. 13. This act shall be known and cited as the "State Highways Act of 1915."

Sec. 14. All acts and parts of acts in conflict with the provisions of this act are hereby repealed.

FRANK C. JORDAN,
Secretary of State.

AMENDMENT TO STATE HIGHWAYS ACT

Notice is hereby given that at the general election to be held on Tuesday, the 7th day of November, 1916, there will be submitted to the people of the State of California, the following act of the Legislature approved by the Governor May 19, 1915, amending section 8 of the State Highways Act, approved by the people at the general election held in November, 1910:

CHAPTER 414.

An act to amend an act entitled "An act authorjzing the construction, acquisition, maintenance and control of a system of state highways in the State of California; specifying the work, fixing the payments to be made by counties for moneys expended therein; providing for the issuance and sale of state bonds to create a fund for the construction and acquisition of such system; creating a sinking fund for the payment of said bonds; and providing for the submission of this act to a vote of the people," approved March 22, 1909, and provided, ratified and adopted by the people of the State of California at the general election held in the month of November, 1910, A. D., by amending section eight thereof, relative to the reimbursement to the state by the several counties thereof of sums equal to the interest upon certain outstanding bonds, and the proceeds of sale thereof, sold and applied as in said act provided, and providing for the submission of this act to a vote of the people.

The people of the State of California do enact as follows:

Section 1. Section eight of an act entitled "An act authorizing the construction, acquisition, maintenance and control of a system of state highways in the State of California; specifying the work, fixing the payments to be made by counties for moneys expended therein; providing for the issuance and sale of state bonds to create a fund for the construction and acquisition of such system; creating a sinking fund for the payment of said bonds; and providing for the submission of this act to a vote of the people," approved March 22, 1909, and approved, ratified and adopted by the people of the State of California at the general election held in the month of November, 1910, A. D., is hereby amended to read as follows:

Sec. 8 The highway constructed or acquired under the provisions of this act shall be permanent in character and be finished with oil or macadam or a combination of both, or of such other material as in the judgment of the said department of engineering shall be most suitable and best adapted to the particular locality traversed. The state department of engineering, in the name of the people of the State of California, may purchase, receive by donation or dedication, or lease any right of way, rock quarry or land necessary or proper for the construction, use or maintenance of said state highway and shall proceed, if necessary, to condemn under the provisions of the Code of Civil Procedure relating to such proceedings any necessary or proper right of way, rock quarry or land. The department of engineering shall have full power and authority to purchase all supplies, material, machinery and to do all other things necessary or proper in the construction and maintenance of said state highway. With the exception of those public highways which have been permanently improved under county or permanent road division bond issues within three years prior to the adoption of this act, all public highways within this state lying within the right of way of said state highway as determined and adopted by the department of engineering shall be and the same shall become a part of the right of way of said state highway, without compensation being paid therefor; **provided,** nothing herein contained shall require the state to maintain any highway along or on said right of way, prior to the completion or acquisition of the permanent improvements contemplated by this act. Whenever any money received from the sale of bonds, under the provisions of this act, shall be expended in any county in this state, such county must pay into the state treasury such sum each year as shall equal the interest, at the rate of four per cent per annum, upon the entire sum of money expended within such county in the construction of said state highway, less such portion of said amount expended as the bonds matured under the provisions of this act, shall bear to the total number of bonds sold and outstanding; **provided, however,** that in all cases where, by reason of physical difficulties to be overcome, or other good and sufficient cause, the state department of engineering shall determine that the cost of construction of any portion of such state highway in any county, or counties, is so great as to entail an unjust and inequitable burden upon any such county, or counties, in refunding to the state the sums so paid for interest upon the bonds sold and the proceeds thereof applied as aforesaid, such county, or counties, shall not be required to refund the whole amount of such interest, but only such proportion thereof as the state department of engineering shall adjudge to be fair and reasonable. All highways constructed or acquired under the provisions of this act shall be permanently maintained and controlled by the State of California.

Sec. 2. This act, if adopted by the people, shall take effect on the thirty-first day of December, 1916, as to all its provisions except those relating to, and necessary for, its submission to the people and for returning, canvassing and proclaiming the votes, and as to such excepted provisions this act shall take effect ninety days after the final adjournment of the present session of the legislature.

Sec. 3. This act shall be submitted to the people of the State of California for their ratification at the next general election to be holden in the month of November, 1916, A. D., and all ballots at said election shall have printed thereon, and at the end thereof, the words "For the amendment to the state highway act"; and in a separate line, under the same, the words "Against the amendment to the state highway act." Opposite said lines there shall be left spaces in which the voters may make or stamp a cross to indicate whether they vote for or against said act and those voting for said act shall do so by placing a cross opposite the words "For the amendment to the state highway act," and all those voting against the said act shall do so by placing a cross opposite the words "Against the amendment to the state highway act." The governor of this state shall include the submission of this act to the people, as aforesaid, in his proclamation calling for said general election.

Sec. 4. The votes cast for or against this act shall be counted, returned and canvassed and declared in the same manner and subject to the same rules as votes cast for state officers, and if it appears that said act shall have received a majority of all the votes cast for and against it at such election, as aforesaid, then the same shall have effect as hereinbefore provided and shall be irrepealable until the principal and interest of the liabilities created under the provisions of said state highway act, approved March 22, 1909, shall be paid and discharged, and the governor shall make proclamation thereof. But if a majority of the votes cast, as aforesaid, are against this act then the same shall be and become void.

Sec. 5. It shall be the duty of the secretary of state to have this act published in at least one newspaper in each county, or city and county, if one be published therein, throughout this state, for three months next preceding the general election to be holden in the month of November, A. D., nineteen hundred and sixteen; the cost of publication shall be paid out of the general fund, on controller's warrants duly drawn for the purpose.

FRANK C. JORDAN,
Secretary of State.

H. D. Patton came down from Cummings last week.

WILLITS LETTER

Willits, Aug. 2—The Willits grammar school has been painted inside and out and a concrete wall has been built the entire length of the south side of the grounds. After finishing the work the trustees found that they were not going to have enough money to level the grounds and made their wants known to the public. The Women's Improvement Club has come to their rescue and donated $200 for this purpose.

Major David Smart, a well known character in both Willits and Ukiah, returned to his home in Oakland the first of the week. He will be 88 years old next fall and is strong and hearty for a man of his age. He tells his friends the he fully expect to pass the 100 mark and that he enjoys every day living on this mundane sphere.

Evangelist Guice has been secured by the Willits churches and will hold a series of revival meetingse in a tent which will be located on the vacant lot facing Hotel Willits. The meetings will start August 15th and will continue indefinitely.

Sixteen more convicts were brought up from San Quentin last Monday to work on the state highway. Reports from that section state that splendid progress is now being made and that they hope to make the connection to Cummings in a few months.

A son was born to the wife of Frank Groscup at Laytonville August 1st.

Dick Gordon caught the index finger of his left hand in the machinery ot the Wheelbarrow saw mill Monday and it had to be amputated.

LONG VALLEY

Laytonville, Aug. 1—Mrs. Shuttler, who has been visiting her sister, Mrs. J. G. Dill, for several days, returned to her home in Oakland Saturday. She was accompanied by her two children.

Hazel and Amos Branscomb were visiting their sister, Mrs. W. Mitchell, at Westport last week.

Roy Branscomb is sporting a new car.

Mrs. Ross Betts, of Willits, is visiting her parents, Mr. and Mrs. John Dill.

The roads are lined with autos and the woods are filled with hunters.

Mr. and Mrs. Ed Branscomb and children returned Sunday from a visit to the coast.

Mr. Capel, of Sausalito, is here on a visit to friends; also to hunt for a few days.

Mrs. John Purdy and daughter, Ruth, came up from Willits Saturday evening and returned Monday morning.

Weekly dances are being held at the Paul Ray bark camp.

Miss Verna Purdy is visiting Mrs. A. Helm.

Long valley school begun July 31.

Emmitt Purdy left Monday morning for Willits, where he expects to remain some time.

Superintendent Anna Porterfield was here Wednesday on official business. She was accompanied by Mrs. Berger, one of the teachers of this county.

J. Curts and family, of Sutter Creek, and Mrs. S. Martindale, of Dos Rios, visited several days with their parents, Mr. and Mrs. Curts.

Miss Bessie Perie, of Laytonville, spent the week end in Laytonville.

Mr. and Mrs. L. Redemeyer and children left by auto for Oakland Friday. The children are returning to their school duties after spending their vacation on theranch.

Mrs. Norah Pinches has gone to the coast, where she will visit with relatives.

Miss Irma Woodruff returned today from Wilderness Lodge.

Most of the bark peeling has been completed and the teamsters are kept busy hauling the bark at Laytonville.

We have had several warm days, but the nights are cool.

TYPHOID is no more necessary than Smallpox. Army experience has demonstrated the almost miraculous efficacy, and harmlessness, of Antityphoid Vaccination. Be vaccinated NOW by your physician, you and your family. It is more vital than house insurance. Ask your physician, druggist, or send for "Have you had Typhoid?" telling of Typhoid Vaccine, results from us, and danger from Typhoid Carriers. THE CUTTER LABORATORY, BERKELEY, CAL. PRODUCING VACCINES & SERUMS UNDER U. S. GOV. LICENSE

This Very Day.

"Seize your opportunity," was the advice of Pittacus, one of the seven wise men of Greece. To grasp the swiftly moving moment is the repeated injunction of the Bible. "Teach me to number my days," said Moses. "Make me to know mine end and the number of my days," said David, and Job, who had a peculiarly sane grasp on the things that make for success in all departments of life, is conscious that the days fly through his hands "swifter than the weaver's shuttle."

Lord Chesterfield said that the Duke of Newcastle lost an hour in the morning and spent the rest of the day looking for it. Benjamin Constant's cry of regret should be a warning to us who do not regard the systematizing of our day's task: "How I lose my time! What an unarrangeable life mine is!"

The uncertainty of life as well as its swift passage should incite us to live to the top of our ability today. We say, "Some day I hope to get time to read," "Some day I hope to get time to attend to cultivating religious habits." But "some day" is today or probably never.—Christian Herald.

Painting Hooks and Eyes.

There are many methods of mechanical painting, and some of the most extraordinary are described by Arthur Seymour Jennings in his book, "Painting by Immersion and by Compressed Air." One method, for such articles as hooks and eyes, eyelets and very small iron parts generally which cannot be successfully dipped or sprayed, is known as "tumbling." The articles are placed in a machine something like a churn, together with a number of steel balls, usually of very small diameter, and a given quantity of japan. The churn is then closed down and given a dozen or so rapid turns, during which the steel balls carry the japan to every part of the articles. The contents of the churn are then dumped out on to wire trays. These being agitated, the steel balls fall through the meshes, leaving the painted iron parts behind.

Disinfect Your Pets.

Many children and adults acquire skin diseases from the household pets. Such diseases as ringworm and barber's itch are transmitted by the cats and dogs. An epidemic may be started by germs being carried into the home. Every member of the household may develop disease acquired from carelessly petting a stray cat or dog on the street. Dogs are fond of filth. They delight in groveling in heaps of manure or refuse of any kind and for this reason should be regarded with suspicion.

The stray pets should be treated to an antiseptic bath before being fondled. Your own pet dog after a run out of doors should have a disinfectant bath before it is again permitted to sleep on the lounge or sit upon your lap.—Philadelphia Record.

Building a House In Japan.

In Japan if one wishes to build a house he first proceeds to make certain that the site is "respectable." If it is not he must have the ground purified. A curious incident of this nature developed not long ago when a native decided to build in Tokyo on the ground formerly occupied by the Ichigaya jail. The carpenters would not begin work until the priest had been called in and purified the spot. He brought with him bamboo rods and shimmei and rice and with weird incantations turned north, south, east and west, uttering his formula four times and scattering bits of paper and rice at each delivery. The spirits of jail inmates long dead thus propitiated, the carpenters went contentedly to work.

In an Ancient Korean Coffin.

Workmen engaged in repairing the ruins of the old Shiragi dynasty tombs in Korea, while employed in a nine story tower, discovered a stone coffin about two square feet in the third story of the tower. In the coffin were a jeweled ornament, a gold bell, a silver bell, some old coins, a gold vase, a stone gourd, some comma shaped jewels and several other rare articles, all relics of ancient times, dating back 1,300 years.

Caffeine.

Caffeine, the active principle of coffee, was discovered by Runge in 1820. In a pure state it takes the form of long silky needles. In ordinary coffee it is present to the extent of about 1 per cent, but Java coffee contains 4.4 and Martinique has as much as 6.4.

Setting Her Right.

Aunt Rachel—I see you've patched it up with Archie and he's coming here again oftener than ever. He's asked you to marry him fifty times, hasn't he? Miss Mandy—Oh, dear, no, aunty, but I suppose he has asked me fifty times to marry him.

BROWNIES DEFEAT HEALDSBURG TEAM

The fans of the grand old game had a chance to witness some baseball last Sunday, which although it had the name of a game, was absolutely devoid of interest, since it featured nothing on the part of the Healdsburg boys, but a bunch of bonehead plays. The score was Ukiah 7, Healdsburg 1. On looking at the score one might think that the game showed a few startlers, but such was not the case. The only feature that made the game something of interest was the way in which Van Dyke came through again with the pitching goods. During the game he allowed only four hits, and showed no signs of weakening at any time. It looked good to the Ukiah bunch to see the old favorite again on the mound.

The man who were the big pad for Healdsburg pulled a few comedy stunts which he did not mean for that purpose, whenever he tried to throw to the second sack. He was about as accurate as a sling shot. Ern Ruddick gave a good account of himself every time he went to the bat, and stole four bases.

Next Sunday, according to schedule, the Brownies will be in Eureka playing the picked nine team of Humboldt county. The boys leave today chock full of pep and in the pink of condition, and if the Humboldters take anything away from them it will be a hard-earned victory.

POLITICAL ANNOUNCEMENTS

FOR SUPERVISOR

UKIAH, CALIFORNIA, FRIDAY, AUG. 4, 1916

PROGGRESSIVES REFUSE TO BE WHIPPED INTO G. O. P.

Efforts to whip the Progressives into line for Hughes, according to the Chicago programme, have failed.

The stirring scenes at the meeting of the Progressive State Committee of New Jersey, in Newark, when the Bull Moose hotly resisted the attempts of certain leaders to pledge the party in that state to the Republican ticket, was a warning that Progressives are not going to submit to the destruction of their principles nor to the barter of their votes.

By a vote of 7 to 5 the State Committee of New Jersey Progressives repudiated the action of the National body at Chicago, and will not bind itself to its actions.

The managers of the President's campaign feel that they have every reason for gratification with respect to the Bull Moose and Independent vote. Hundreds of letters and communications have been received at the National Committee headquarters, the headquarters of the Woodrow Wilson Independent League and at the White House from Progressives, and Republicans as well, who declare their intention to vote this year for Wilson, "the man who has kept us out of war."

Progressives Should Support President

Edgar C. Snyder, chairman of the Progressive party in the State of Washington, has written a flaming denunciation of the Chicago coalition and says: "I am supporting President Wilson and feel that all Progressives should support him."

Ole Hanson, one of the foremost Progressives of the West, who was a candidate for the United States Senate in the State of Washington, and polled 83,282 votes, is supporting President Wilson and vainly challenging Senator Poindexter to debate issues.

From all parts of the country there are cries of consternation from Progressives over the manipulation of their "leaders." Their bitter protests at the treatment of their party at Chicago indicate clearly that they will give their support to President Wilson rather than to Mr. Hughes.

New Jersey Revolt

The Progressive party of New Jersey, as represented by its State Committee, refused to indorse the candidacy of Charles E. Hughes, although a strong effort had been put forth by Everett Colby, a pioneer Progressive of the state, to swing the committee that way.

When the meeting of the State Committee was held in Newark, July 15, J. A. H. Hopkins, chairman, led the fight against endorsing Mr. Hughes. A resolution was submitted by Wm. E. Conkling, of Blairstown, reciting that the delegates to the National Convention at Chicago had exceeded their authority by endorsing the candidate of another party. The resolution further said:

"Resolved, by the New Jersey State Committee, That the Progressive party of New Jersey will not be bound by the action of the National Committee in indorsing Mr. Hughes' candidacy."

This resolution was carried by a vote of 7 to 5.

Chairman Hopkins read to the committee a letter he had written to Col. Roosevelt recalling that the Colonel once had expressed the opinion that Mr. Hughes might perhaps turn out to be "another gold brick." This letter caused much amusement among those present.

Self-Stulification to Go Back Now

For Progressives to go back to the Republican party now would be self-stulification, and would be an admission that they had never been sincere in their progressive professions, according to Edgar C. Snyder, chairman of the Progressive party in the State of Washington in 1912. Mr. Snyder is suporting Mr. Wilson because he, the President, "has given us a progressive leadership and has done much during the last three years to make effective the essential demands of the Progressive party platform."

Mr. Snyder insists that if Mr. Roosevelt was sincere four years ago when he said the bosses and the special interests had brought the Republican party to a shameful end, then it cannot be expected that the Progressives can go back now without a clear showing that the old party has been purified and has rekindled within it "that fire of lofty endeavor."

"The control of invisible government over the machine of the Republican party has never been relaxed, but has been strengthened and confirmed," declared Mr. Snyder.

"Wherever the Republican party has been dominant during the last four years its record of public acts has been one of retrogression and not of progress. No better example of this need be sought than the showing of our own Republican majority in the last legislature of this state. The flagrantly reactionary legislation then passed would be throttling our liberty as individual voters and our home rule powers as self-respecting and governing communities, if we had not fortunately possessed the power of compelling these vicious measures to be submitted to a vote of the people.

"The Progressive voters are first of all independent voters. That is why they left the old party and that is why no man and no newspaper organ and no machine can now deliver their vote. They think for themselves and they will deliver their own vote. That is why I feel confident that the bulk of the Progressive vote will in reality be cast for Woodrow Wilson."

Hanson Challenges Poindexter

Ole Hanson, the Progressive leader in the state of Washington, is very sincere in his belief that this is not a time for partisan politics or attacks upon the President.

"As American citizens, as Progressives, it is our duty at this time to silence the harsh criticisms and unthinking partisan prejudices and stand by our President," said Mr. Hanson in a recent interview.

Mr. Hanson ran for the United States senatorship in Washington in 114 and polled 83,282 votes. He is anxious to engage Senator Miles Poindexter, of the same state, in a point debate. Mr. Poindexter was elected to the Senate as a Progressive, but now says he is a Republican. The following is a telegram sent by Mr. Hanson to the Democratic National Committee:

"We can carry Washington. Can you shame Senator Poindexter into debating with me the subject, 'Shall Wilson Be Returned?' Poindexter is afraid, and, like Hughes, is a trimmer. Both have endorsed the American Flag, but refuse to get down to fundamentals. Have challenged Poindexter repeatedly, but to no avail."

California Progressives for Wilson

Isadore Jacobs, a prominent business man who is leading the Independent movement in California, has sent a communication to the Woodrow Wilson Independent League, 280 Madison avenue, New York, in which he says that the non-partisan movement is just as strong in the northern part of California as in the southern end of the state.

"Each day," said Mr. Jacobs, "we are getting letters from old time Republicans and Progressives asserting that they will work and vote for Wilson and that it is their purpose to attend the conference which is to be held in San Francisco, August 5, and whoop it up in true western style.

Mr. Jacobs says the majority of the Progressives in California will be for President Wilson. As an indication of the type of business men who are heading the Wilson Progressive movement in California, the following is quoted from Mr. Jacobs' message:

"A permanent Progressive organization has been effected in San Francisco. Its officers are: President, Joseph S. Thompson, president of the Pacific Electric Company, of San Francisco; secretary, Mr. L. A. Ireland, of the Mysell-Rollins Company; Eugene Smith, president of the Monarch Oil Company, and of the Eugene Smith Company, is a member of the executive committee, and is out in the state actively organizing Progressives to work for Mr. Wilson. The movement is being financed in California by local contributions."

Wilson Strength Growing in Northwest

In Oregon also a conference of Bull Moosers and Independents has been called. It will be held at Portland, August 7. G. W. Barry, general organizer of the Woodrow Wilson Independent League movement in Oregon has telegraphed to headquarters in New York that "the non-partisan following of President Wilson in the northwest is growing daily." Mr. Barry expresses the opinion that Mr. Wilson will carry Oregon.

Outside of considerations of mere partisanship, what is the reason for Hughes?

CALIFORNIA PROGRESSIVES WILL MEET TOMORROW

ENDORSERS OF WILSON ADMINISTRATION IN THIS STATE REPUDIATE CO-CALLED LEADERS

The Woodrow Wilson Progressive Conference called by President Jos. S. Thompson to meet at the Palace Hotel, San Francisco, next Saturday, August 5th, at 2:30 p. m., is creating state-wide interest. Satisfactory assurances are reported to have been received from Progressives all over the state that they will be present.

Honorable Francis J. Heney will preside. There is expected some controversy over the proposed endorsement of Governor Hiram Johnson for United States senator on the ground that it will not be germane to the purpose of the conference, since it was originally called by Progressives to promote the re-election of President Wilson. It was hoped that Mr. Norman Hapgood and Victor Murdock would be present, but owing to the National Committee Progressive Conference being held in Chicago on August 3d, they cannot come. Communications from these and other Progressive leaders endorsing President Wilson will be read.

A federal amendment for suffrage will be offered to the Conference advocated by well known California women, also a strong resolution endorsing the President's policy in Mexico, commending him for keeping the country at peace.

A platform of principles will be adopted. It will contain a list of the chief accomplishments of the Administration. This list includes the Federal Reserve Law, by which banking has been put on a sound basis; the Clayton Anti-Trust Act by which the inter-locking directorate was forbidden and trust monopoly checked; the Federal Trade Commission; the Rural Credits Act; the Income Tax Law; the good roads law; the Industrial Commission Law;; the Department of Labor in the Cabinet; the Smith-Lever agricultural education law; the parcels post and an eight hour law for government employees. A list of Progressive measures approved by its 1912 convention at Chicago and included in the St. Louis platform of 1916 will be submitted for approval as well as the stand of the President for a non-partisan tariff commission to take the tariff out of politics and the extension of an American Merchant Marine, both measures designed to end a century of fruitless political controversy.

The Executive Committee, consisting of one member from each county in the state, will be selected, as well as permanent officers for the Woodrow Wilson Progressive League of California.

It will be noted that throughout the country Progressive Conferences have been held in many states. In some instances they have refused to endorse Hughes for president but have taken no further action,, but others are coming out for the re-election of President Wilson. Massachusetts, New York, New Jersey, Michigan, Indiana, Kentucky and Missouri, besides California, have already gone on record, and Progressive leaders trying to deliver their followers are said to be worried.

The great unanswered question of the campaign is: What would you have done, Mr. Hughes?

* * * *

Will the millions of Americans who want peace turn out of office the man who has kept the country out of war?

* * * *

The New Freedom will not be long continued if we are to turn the country over to such trustees as Penrose and Smoot.

* * * *

Wilson has opened the way for the business man to prosper. He is prospering. Under Wilson he will continue to prosper.

* * * *

The people of the United States do not wish a war of conquest in Mexico. If Wilson is President their wishes will be respected.

* * * *

The trouble in this country is not with the "peace-at-any-price" advocates, but with those who apparently are for war at any cost.

* * * *

Progressive voters who believe in removing the tariff as far as possible from the field of politics by means of a scientific, non-partisan tariff board will have difficulty in disagreeing with the Democratic program.

* * * *

Mr. Hughes doesn't ask for a union of the Republican and Progressive parties, but for a "reunited" party. A reunion under the protection and guidance of Penrose, Smoot and other great progressive leaders.

* * * *

"Insurgents" who revolted against Cannonism in 1910 are now asked to restore Cannonism in 1916 as the price of united action against the Democrats who have carried out the very reforms for which the "insurgents" fought.

* * * *

For the business man, the Federal Reserve act; for the farmer, the rural credits system; for the manufacturer and merchant, the Federal Trade Commission; for the Wall Street speculator, nothing. That is the record of the first four years of Wilson's endeavors for better business.

* * * *

Wise men said the Federal Reserve act would be a failure, that the system was not good enough in theory but wouldn't work in practice. Now they are saying the same thing about the shipping bill. But Wilson gave us a new currency system and he will give us a merchant marine.

* * * *

No man in America lives so far from the current of affairs that he has not had his life touched and quickened by the progressive policies put into operation by the Wilson administration. Back to stagnation is the Republican way, the way of the old-time "standpatter."

DEMOCRATS NOT TO WRITE IN PETTIS

PARTY LEADERS AT UKIAH REPUDIATE ACCUSATION IN PRESS

An article appeared in the Republican Press Friday, July 28, wherein it was stated that a writein campaign had been inaugurated by Democratic party leaders of the county to nominate J. A. Pettis for the Democratic as well as the Republican candidate for the assembly. Inasmuch as many of the more prominent Democratic leaders are located at the county seat, the undersigned took occasion to interview a number of them in regard to the matter and one and all professed ignorance of any such campaign. The sentiment expressed by them appears to be that Mr. Magneson is a sterling Democrat and since he has come out for the nomination he deserves the utmost support of the party, both in the primaries and at the general election. The majority regard the rumor as preposterous and dismissed it as not of sufficient moment to require any refutation.

It was evidently conjured out of the smoke of the editorial cigar for the purpose of filling space, news at the county seat being scarce these days.

The article in question among other things says: It was stated yesterday by a prominent member of the party that they expected to accomplish the difficult task of having a sufficient number of written-in ballots at the primary to give Pettis both nominations, and make him the lone candidate in the field at the general election in November."

In behalf of the Democratic County Central Committee, I challenge the author to produce the "prominent Democrat" he mentions.

To the best of my knowledge, no such "write-in campaign" has been started, nor will it be by the Democrats, and the central committee of the party, I feel sure from my investigations, should it assemble to consider the proposition, would vote it down unanimously and with the utmost indignation.

(Signed) E. P. THURSTON,
Secretary Democratic County Central Committee.

GEO. L. MAGNESON,
Candidate for the Democratic Nomination for Assemblyman

Geo. L. Magneson was born in Minnesota. He came to California in 1891 and attended the schools in Merced and Stanislaus counties and high school in Stockton. He moved to Santa Clara county in 1908 and engaged very extensively in horticulture and viticulture and also engaged in real estate business, being president and manager of the Magneson Company. About four years ago he came to Mendocino county and acquired considerable property in Redwood valley and the vicinity of Willits. He has keenly felt the duties of good citizenship and has always been active in civic affairs. He believes we need fewer lawyers and more business men and farmers in the legislature.

RANDOM NOTES GLEANED FROM COAST EXCHANGES

John Swan is receiving treatment for a broken arm in the Fort Bragg hospital, and is getting along as well as can be expected. He was struck by a falling limb while at work in the Ten Mile woods Thursday.

Ed Banker, foreman of the Glen Blair mill, is laid up with a badly sprained ankle. He got his foot caught between two logs at the mill Saturday. He is receiving treatment at the Fort Bragg hospital.

To Mrs. F. C. White goes the distinction of killing the first buck of the season. She shot it a short distance from their camp on Big River early yesterday morning, it only taking one shot to do the work.

Thirty-five cords of tatnbark were destroped by fire at Decker's bark camp in the Caspar woods this week.

Frank Quaill's big touring car and A. Polly's roadster collided on a sharp turn ten miles east of Mendocino Thursday afternoon. Quickly applied brakes reduced the damages to a pair of bent fender and a slightly sprung axle.

L. R. Gladden has resigned his position as Superintendent of the Albion branch of the Northwestern Pacific Railroad.

Baby boys arrived at the homes of Mr. and Mrs. Chester Briggs and Mr. and Mrs. Carl Sauers of Albion on the 23rd inst.

Mr. Amos Mahurin and Stella Simpson, of Healdsburg, were married at Caspar Saturday evening by the Rev. J. H. Hargraves, in the presence of several friends.—Advocate

"THE IMMIGRANT" AT VICTORY

One of the most spectacular, thrilling scenes ever presented on a photo-dramatic screen, will be witnessed at the ictory on the 8th, when the celebrated theatrical star, Valeska Suratt, will appear in the Jesse L. Lasky production of "The Immigrant," which was written especially for Miss Suratt by the distinguished American dramatist, Marion Fairfax. It is a Paramount picture.

In this production a gigantic dam holding back an immense volume of water, is blown up and the released flood undermines and destroys a large country house. In order to present this scene with an absolute correctness of detail, it was necessary that both the dam and the house be built especially for the occasion. Three times was the dam blown up and the water released before the final stupendous effect was obtained. Owing to the size of the dam and the quantity of water which had to be backed up and the repairs necessary, it required more than two months of hard work before the picture was secured.

On Friday evening the famous play, "The Old Homestead," will be seen at the Victory.

CELEBRATE THEIR TWENTIETH ANNIVERSARY

Mr. and Mrs. C. B. Johnson celebrated their twentieth anniversary last Tuesday afternoon with a pretty affair in Berkeley. Mrs. Johnson was formerly Miss Nellie Curtis, and was well known in this county. Many who have at some time lived in this city or in this county attended the anniversary. Following are some of the people who attended who are well known in this vicinity: Dr. and Mrs. Wadsworth, Dr. and Mrs. Chalfant, Mr. and Mrs. Roy Douglas, Mr. and Mrs. Marshall Nuckolls, Mr. and Mrs. Maurice Carey, Mr. and Mrs. Jim Walters, Mr. and Mrs. James Sturtevant, Mrs. Willie Abbey, Hugo King, Mr. and Mrs. Walter Howe, Mr. and Mrs. Woodson, Mrs. E. B. Gibson, and Miss Gene Kelton. The rest of the guests were from in and around Berkeley.

Tables were placed in the back yard of the Johnson home, and a delicious banquet was placed thereon. The Johnsons received very many beautiful remembrances from their many friends.

W. P. Thomas and family will leave for an auto tour through Humboldt county and Eureka some time in the near future.

A CORRECTION

In last week's Dispatch it was stated that Mrs. McWaters, of Willits, was arrested here last week, for running a car without a license. Since the Dispatch was issued it has been learned that Mrs. McWaters was not arrested, but was simply detained by the marshal.

We gladly make the correction.

B. F. Eddy and family have returned from a trip to Napa where they spent several days taking in the big Adventist camp meeting which was held there last week. They report the meetings a big success and state that they enjoyed them very much.

"Ramona" presents a true picturization of early Spanish life, with a marvelous historical setting. Prices 25 and 50 cents.
